BAVARIANS CALL OFF REVOLT

Peace Restored Between North and South Germany as Leaders Confer

PLAN TO SUPPRESS PAPER BRINGS ROW

Bavarian Premier Is Credited With Diplomatic Victory Over Chancellor

BERLIN, Sept. 26.—The ghost of Bavarian secession, which has been stalking statesmen and the public as never before has been laid in its grave for the time being.

Peace has been restored between the north and the south. Within 24 hours after the arrival at Berlin of Count Lerchenfeld, the new Bavarian premier, whose wife is the former Miss Ethel Wyman of Detroit, a compromise was reached, chiefly through the retreat of Chancellor Wirth and the central government upon all but one point.

The Berlin government agrees not again to attempt directly to suppress any Bavarian newspaper and the central government is not to interfere with the police authority of the states. The central government has surrendered also its contention that the state governments must unqualifiedly carry out the edicts of Berlin.

It has been agreed that should a deadlock occur between the central and state governments, as in the Bavarian crisis, a court of arbitration shall decide the issue. A committee of the national council, which is Germany's senate, shall constitute this interstate arbitration court.

Lerchenfeld agreed that as soon as conditions permitted Bavaria would remove the modified martial law which has prevailed since the Bolshevik regime at Munich.

The compromise is looked upon as a Bavarian victory for states rights. As a sign of the reconciliation between north and south, President Ebert, Dr. Wirth and the entire cabinet were guests of the Bavarian legation at dinner tonight.

Resume Search for Slayers of Riverside Men

SACRAMENTO, Sept. 26.—A \$500 reward was posted by Governor W. D. Stephens today as a reward for the apprehension of the Mexican bandits who shot and killed two Riverside county deputy sheriffs, it was announced at the governor's office.

RIVERSIDE, Cal., Sept. 26.—Sheriff P. P. Wilson and his posse of armed deputies this morning resumed their search for Juan Palmarin and Vincente Melgosa, wanted for the murder of Deputy Sheriffs Henry F. Nelson and Theodore Crossley.

Since the hour of the shooting Thursday of last week an army of armed men has continued the hunt in the Santa Ana river bottom and in every Mexican settlement in the valley without the slightest clue. San Bernardino county officials are co-operating.

Jap Navy Head Chief of Arms Parley Envoys

TOKYO, Sept. 26.—The Japanese press today was unanimous in declaring that the Japanese delegation to the Washington disarmament conference will be composed of Admiral Kato minister of the navy, as chief delegate, American ambassador Shidehara, British ambassador Hayashi and French ambassador Ishii.

The foreign office, however, declined to confirm these reports.

HARDING NAMES S. F. MAN FOR HIGH POST

WASHINGTON, Sept. 26.—President Harding today nominated Raymond C. Brown of Hawaii to be secretary of the territory of Hawaii. He also sent to the senate the nomination of John Plover of San Francisco to be surveyor general of California.

Chicagoan Appeals to President as Crime Wave Increases

CHICAGO, Sept. 26.—Arthur B. Farwell, head of the Chicago Law and Order league, following the admission of Police Chief Fitzmorris that half of Chicago's police force of 5,000 men, are bootleggers, sent this wire to President Harding today.

"Situation caused by nullification of the eighteenth amendment in Chicago intolerable. Prohibition laws are being openly violated. Crime is on the increase. Writing you in detail in regard to this critical situation. Moral forces of the city will leave to your excellent judgment what should be done."

SOLONS SHELVE BEER BILL FOR TAXATION LAW

Senate Side Tracks Booze Measure and Begins Consideration of \$3,300,000,000 Revenue Act.

WASHINGTON, Sept. 26.—The senate today began consideration of the revised tax bill designed to raise \$3,300,000,000 for the present fiscal year.

The action puts the anti-beer bill, which has been delaying the tax measure on the shelf. Senator Sterling announced that the drys will not obstruct the measure, but said he wished it understood that when the tax bill and the treaties are out of the way, he will insist upon the beer bill being disposed of.

Noted Bandit Escapes From Island, Word

SAN FRANCISCO, Sept. 26.—Roy Gardner has made good his escape from McNeil's Island to the mainland, despite two wounds, according to a copyrighted story in today's San Francisco Bulletin and quoting a letter said to have been received by that paper from the California train bandit.

Gardner's letter to the Bulletin in which he set forth the details of his escape, included a touching appeal to President Harding for a pardon.

"Mr. Harding," the letter said, "I promise before God, if you grant my appeal you will never regret it."

Gardner's letter told how he determined to escape in a desperate effort to "go straight" and found a new home for his wife and baby, there to work out his redemption under new surroundings.

The Bulletin recently printed Gardner's autobiography. And the editors say the letter they received today from Gardner was in the same handwriting as that of his autobiography.

Assassin Fails In Attempt to Kill Pilsudski

WARSAW, Sept. 26.—An attempt to assassinate President Pilsudski of Poland, failed here today.

Three shots were fired at the president, who was uninjured. Count Grabowski, General Pilsudski's aide, was wounded. The assassin attempted to commit suicide.

General Pilsudski was elected president of Poland in 1919.

He was formerly a nobleman, but turned Socialist.

Feminine 'Bluebeard' Suspect Goes on Trial in Slaying Case

By R. A. DONALDSON
United Press Staff Correspondent
TWIN FALLS, Ida., Sept. 26.

Trial of the sensational case of Mrs. Lydia Southard, alleged "female Bluebeard" charged with murder, opened here today.

The defendant is specifically charged with murder of her fourth husband, Edward F. Meyer, but the state alleges she also poisoned three previous husbands, Robert C. Dooley of Twin Falls, William McHaffee of Hardin, Mont., and Charles C. Lewis of Denver and Billings, Mont.

A special venire of seventy men has been called. The state has subpoenaed 137 witnesses and expected to summon several others.

Seek End of Unemployment

5 AUTOISTS ARE HURT WHEN CAR TURTLES NEAR SAN DIEGO

SAN DIEGO, Sept. 26.—Attempting to round a sharp curve late yesterday on the Tijuana highway between Palm City and Otay in an automobile traveling at a terrific rate of speed, five men were severely injured, sustaining painful bruises and bad cuts from flying glass, when the car suddenly overturned and crashed over the edge of the road, pinning them beneath the wreckage.

The injured men were extricated from the tangled wreckage of the light touring car by passing motorists who rendered whatever first aid they could and promptly rushed the victims to the Ellwyn sanitarium at National City, where they were attended by Drs. Charles Owen and E. S. Coburn.

Two of the injured men Homer Warren of Los Angeles and Virgil Woods of Valley Center, were unconscious when they were taken to the sanitarium. Both were sleeping comfortably at an early hour this morning, despite that neither regained consciousness in the night, and hope was held out for their recovery.

Others who were injured were Charles Woods of Valley Center, suffering a fractured right ankle; Roy Otis of Wyoming, who sustained general bruises and nervous shock, and Ellis Woods of Valley Center, whose back was badly wrenched.

Louis German of Los Angeles, who was driving the machine, escaped practically unhurt, it was said, and disappeared shortly after the accident.

According to Mrs. F. R. Davis of 2133 Second street, who with her husband, was riding in a car a short distance behind the ill-fated machine containing the six men just before the accident, the overturning of the touring car was caused partly because of the high rate of speed with which it was traveling and partly because the car was unbalanced by several of its occupants who were hanging half out of the speeding machine. The men were in exuberant spirits, she said, and were shouting and yelling at the top of their lungs. They were returning from Tijuana.

Another man beside John Borland, who was with Miss Hanan at the time of the shooting, witnessed the affair, the report said. Lewis announced that he would have the body of Mrs. Laws exhumed to make certain that the shot that entered her mouth and killed her was a "contact wound."

He also said he would continue investigation of the entire case.

Credence was placed in the report that another man was present and that Mrs. Laws was not a suicide because of the fact that in a letter written to Miss Billie Williams some time before her death, Mrs. Laws asked

that her relatives be notified "in case of accident to me."

Witnesses will be summoned to the district attorney's office, among them Miss Williams.

NEW YORK, Sept. 26.—The police announced that they had dropped investigation of the death of Miss Mildred Hanan, heiress, who died yesterday from bullet wounds inflicted Friday by her chum, Mrs. Grace Laws, of San Francisco. The latter afterward committed suicide.

"The motive undoubtedly was jealousy," District Attorney Wilson said. "We learned nothing in this regard from Miss Hanan, although she talked some to a detective shortly before she died, but we have enough information from other sources upon which to base our opinion."

"There were no accomplices, however, and the case is closed with the death of both principals."

Emma Goldman Coming Back to U. S.; Says Russia is Too Strict

By EDWIN HULLINGER,
United Press Staff Correspondent.
Copyright 1921 by the United Press.

MOSCOW, Sept. 26.—"I am going back to America—my country," Emma Goldman, anarchist leader, said today in an exclusive interview with the United Press. "I have found less liberty in Russia than in the United States."

Huddled over a typewriter, wrapped in shawls, in a fireless, cheerless, chilly little hall bedroom, up three flights from a dark, back street, I found the "mother of American anarchism" at work collecting data on the Russian revolution.

"Come in," she greeted me, "I'll give you a message for Americans. Tell them I'm going back to the United States to find freedom."

Mexican City Under Siege as Castro Loses Election

TOLUCA, Mexico, via Nogales, Ariz., Sept. 26.—The state of Mexico was enmeshed in political warfare today.

General Andres G. Castro, defeated candidate for governor, marched on the city this morning with a quickly recruited army and established what practically amounts to a siege.

Artillery fire from Castro's forces was feared.

General Abundio Gunde, newly-elected governor, has called all state troops and reserves to arms. He has wired President Obregon for aid.

Revolutionists are in possession of the National Mexico railway station, yards and equipment.

PROBE REPORT S. F. WOMAN IN SLAYING DID NOT KILL SELF

United Press Leased Wire
NEW YORK, Sept. 26.—District Attorney Lewis of Brooklyn was today informed that Mrs. Grace Laws, of San Francisco, who shot Miss Mildred Hanan early last Friday and was then reported to have turned the revolver on herself, did not commit suicide.

Another man beside John Borland, who was with Miss Hanan at the time of the shooting, witnessed the affair, the report said. Lewis announced that he would have the body of Mrs. Laws exhumed to make certain that the shot that entered her mouth and killed her was a "contact wound."

He also said he would continue investigation of the entire case.

Credence was placed in the report that another man was present and that Mrs. Laws was not a suicide because of the fact that in a letter written to Miss Billie Williams some time before her death, Mrs. Laws asked

that her relatives be notified "in case of accident to me."

Witnesses will be summoned to the district attorney's office, among them Miss Williams.

HARDING VOICES PLEA FOR IDLE AS DELEGATES IN SESSION

United Press Leased Wire
WASHINGTON, Sept. 26.—All America must commit itself to the solving of the unemployment problem, President Harding declared today.

Opening the national unemployment conference, the president confidently predicted the United States will not fail in the task which he characterized as "an advance drive of peace."

"America has never failed when committed to a common cause," he said.

After Harding's address and a speech by Secretary of Commerce Hoover, the first session of the conference adjourned until 3 p. m.

Both Harding and Hoover emphasized that the situation must never be solved by the giving of government alms from the public treasury.

Opposes Federal Aid
The president made it very clear that the federal treasury must not be called upon to relieve the situation. He insisted that the remedy lies in the co-operation of capital, labor and the public.

America, he said, is now suffering from a war inheritance which was inevitable and prompt mitigation is imperative. Co-operative services to the unemployed and not charity must be the aim of the conference, Secretary Hoover declared in his brief speech outlining the program in a general way.

The "dole" given unemployed in other countries is "the most vicious of systems ever introduced into government," Hoover said. It must not be employed here, he warned, if the United States is to be saved from destructive paternalism.

Outlines Policies
Outlining the general program of the conference, Hoover said its first task is to get the facts about unemployment, as to its volume, distribution and character, "because the proposals you make depend on the weight of the problem."

Next, he said, the immediate need for the coming winter must be coped with. Then restoration of commerce and employment generally to normal must be assisted.

In accordance with a resolution passed by the conference, Hoover named the following permanent committee to prepare the conference program, select committees and assign to them various phases of the unemployment problem:

Names Committee
James Couzens, mayor of Detroit; Ida M. Tarbell, New York; Thomas V. O'Connor, president of the Longshoremen's union, Buffalo; Charles M. Schwab, New York; H. Markham, Chicago, president of the Illinois Central railroad; Matthew Wolf, Chicago, vice president of the American Federation of Labor; Samuel McCune Lindsay, New York, professor of social legislation, Columbia university; Julius H. Barnes, Detroit, Minn.; Clarence M. Woolley, Detroit, president of the American Radiator company; Henry M. Robinson, Los Angeles, former member of the United States shipping board.

Three Main Problems
The administration believes three main problems must be solved by the conference, if industry is to be revived and work found for the millions of men.

These are:
1.—Railroad rates must be reduced and railroad labor must accept a cut in wages.
2.—Building must be speeded through the settlement of certain labor questions and reductions in prices of building materials.
3.—Industrial strife in the mining industry must end. The price of coal

New 'Coxey's Army' to Invade Washington During Job Conference

WASHINGTON, Sept. 26.—A new "Coxey's" army, riding in motor trucks, is about to invade Washington and attend the unemployment conference.

Urbane Ledoux, who "sold" unemployed "labor slaves" on Boston common, arrived here today and announced that his army of unemployed would trundle into the city when he gives the word.

"There are about 100 representative jobless men whom I gathered along the wayside, in Boston, New York, Philadelphia and Baltimore," he said. "They will come to Washington in motor trucks. I will take them to the White House and ask the President to grant them an audience, and to the unemployment conference and ask the conference to question them."

2 KNOWN DEAD AS MAIL TRAIN HITS FREIGHT

Pennsylvania Engineer and Conductor Perish As Cars Pile Up In Steubenville, Ohio, Tunnel.

STEUBENVILLE, O., Sept. 26.—Two men are known to have been killed when Pennsylvania railroad train No. 11, westbound from New York to St. Louis, crashed into the rear end of a freight train in the Gould tunnel, six miles west of here.

The mail train was drawn by two engines and Michael Birch, engineer on the front engine, and Oliver Schupp of Denison, O., conductor of the freight train, were killed.

The tunnel is blocked. One locomotive of the mail train lies on its side and the other stands on its "nose." The caboose and five freight cars are jammed in a mass the width of the tunnel.

"30" BULLETINS
Ocean breezes did battle with Old Man Hot Weather today. The latter managed to send thermometers up to 102 degrees by 12 m., but cooling zephyrs sent the temperature down to 99 degrees by 1 p. m., according to E. E. Campbell, official "scorekeeper" for this section. Yesterday's hottest was 96 degrees. The temperature at Anahim at 12:30 p. m. today was 99 degrees, according to the official city thermometer there. The highest temperature at Anahim yesterday was 93 degrees.

SAN FRANCISCO, Sept. 26.—Dr. Arthur Beardslee, testifying at the hearing of Roscoe ("Fatty") Arbuckle, charged with the alleged murder of Virginia Rappe, today named external violence as the most probable cause of Miss Rappe's fatal injury. Dr. Beardslee was the first physician to attend Miss Rappe after she was carried away from Arbuckle's room during his Labor day "party."

RIVERSIDE, Cal., Sept. 26.—Riverside was jolted by a slight earthquake at 2:48 p. m. today. No damage was reported.

WASHINGTON, Sept. 26.—The Japanese population of the United States increased 53.8 per cent during the last decade, which is more than the combined increase of all other peoples, native or foreign born, the census bureau announced today. In 1910 the Japanese numbered 72,157, while the 1920 census placed the total at 111,010.

LOS ANGELES, Sept. 26.—The extensive plant and studios of the Universal Film Manufacturing company at Universal City were being menaced today by a fierce brush fire sweeping down Cahuenga pass. All work at the studios was suspended. Actors, directors, company officials, carpenters and stage employees were working with axes and picks in an attempt to construct a fire break before the advancing line of flame.

Cleveland—Smith fouled to Meusel. Gardner fanned. Sewell doubled over first base. Burns flied to Miller. No runs, one hit, no errors.

New York—Miller fanned. Peck walked. Ruth doubled to center field fence scoring Peck. With a good leg the Bambino could have made it around easily for his 58th homer. Meusel singled. Ruth going to third. Pipp singled. Scoring Ruth, Meusel going to third. Coveleskie went to the showers, and Uhle took up the burden. Ward flied to Wamby. Meusel scoring after the catch. McNally out, Uhle to Burns. The official scorer charged Wamby with an error on the play in which Pipp reached second on Ward's fly to Wamby. Wamby threw wild. Three runs, three hits, one error.

Cleveland—O'Neill out, Hoyt to Pipp. Uhle out, Hoyt to Pipp, on a pretty play. Jamieson singled over second. Wamby fanned. No runs, one hit, no errors.

New York—Schang out on strikes. Hoyt out, Gardner to Burns. Miller fanned. No runs, no hits, no errors.

Cleveland—Speaker fouled to Schang. Smith out, Ward to Pipp. Gardner popped to McNally. No runs, no hits, no errors.

New York—Peck singled. Ruth hit his 58th homer, high over the right field stand, scoring Peck ahead of him. Meusel and Pipp fanned. Ward popped to Gardner. Two runs, two hits, no errors.

Cleveland—Sewell singled. Burns tripled, scoring Sewell. O'Neill out, Ward to Pipp. Burns scoring. Uhle out, Pipp to Hoyt, who covered first. Jamieson flied to Miller. Two runs, two hits, no errors.

New York—McNally singled to left. Schang hit a homer into the lower left field stands, scoring Meusel. (Continued on page two)

RUTH GETS 2 HOMERS IN FRAY

Cleveland Indians Lose Hard Fought Game by Score of 8 to 7

SIX PITCHERS ARE USED IN BIG GAME

Babe's Bat Big Feature In Victory of New York In Pennant Race

POLO GROUNDS, NEW YORK, Sept. 26.—New York became the favorite in the American league pennant race here this afternoon by defeating the Cleveland Indians, 8 to 7, making it three out of four games in the little world's series.

It was a wild and wooly game, in which pitchers were pounded hard and in which the Indians fought to the last out in the last inning. Twice the Indians came within a run of tying the score but the Yanks rallied each time and cut them dead.

Stanley Coveleskie, the star spitballer, started the game but he was knocked out of the box in the third inning.

Uhle, who relieved him, lasted until the eighth, when Guy Morton came to the rescue. Jack Quinn lasted less than an inning for the Yanks and Waite Hoyt, who replaced him, wobbled after four fine innings, and was finally replaced by Carl Mays.

Babe Ruth was the bright star of the day. He scored three runs and knocked in two more with a double, and his 57th and 58th home runs.

First Inning
Cleveland—Jamieson walked. Wamby sacrificed. McNally to Pipp. Speaker was safe on McNally's tumble. Jamieson scoring. Smith singled to center. Speaker reaching third. Gardner forced Smith at second. Ward to Peck. Speaker scoring. Sewell was hit by a pitched ball. Burns singled to right. Gardner scoring and Sewell reaching third in a slide and Burns taking second. Hoyt relieved Mays for New York. O'Neill was walked purposely. Coveleskie fanned. Three runs, two hits, one error.

New York—Miller fouled to O'Neill. Peck out, Sewell to Burns. Ruth hit his fifty-seventh homer far over the right field bleachers. Meusel singled to left. This warmed up the burden. Ward flied to Wamby, who went far into center for the catch. One run, two hits, no errors.

Second Inning
Cleveland—Jamieson and Wamby fanned, making it three in a row for Hoyt. Speaker also fanned, the fourth victim. No runs, no hits, no errors.

New York—Ward fanned. McNally walked. Schang out, Wamby to Burns. Hoyt out, Covey to Burns. No runs, no hits, no errors.

Third Inning
Cleveland—Smith flied to Meusel. Gardner fanned. Sewell doubled over first base. Burns flied to Miller. No runs, one hit, no errors.

New York—Miller fanned. Peck walked. Ruth doubled to center field fence scoring Peck. With a good leg the Bambino could have made it around easily for his 58th homer. Meusel singled. Ruth going to third. Pipp singled. Scoring Ruth, Meusel going to third. Coveleskie went to the showers, and Uhle took up the burden. Ward flied to Wamby. Meusel scoring after the catch. McNally out, Uhle to Burns. The official scorer charged Wamby with an error on the play in which Pipp reached second on Ward's fly to Wamby. Wamby threw wild. Three runs, three hits, one error.

Cleveland—O'Neill out, Hoyt to Pipp. Uhle out, Hoyt to Pipp, on a pretty play. Jamieson singled over second. Wamby fanned. No runs, one hit, no errors.

New York—Schang out on strikes. Hoyt out, Gardner to Burns. Miller fanned. No runs, no hits, no errors.

Cleveland—Speaker fouled to Schang. Smith out, Ward to Pipp. Gardner popped to McNally. No runs, no hits, no errors.

New York—Peck singled. Ruth hit his 58th homer, high over the right field stand, scoring Peck ahead of him. Meusel and Pipp fanned. Ward popped to Gardner. Two runs, two hits, no errors.

Cleveland—Sewell singled. Burns tripled, scoring Sewell. O'Neill out, Ward to Pipp. Burns scoring. Uhle out, Pipp to Hoyt, who covered first. Jamieson flied to Miller. Two runs, two hits, no errors.

New York—McNally singled to left. Schang hit a homer into the lower left field stands, scoring Meusel. (Continued on page two)

Subscription Price of the "Register" Reduced to 60c

On and after October 1, 1921, the monthly subscription price of the Register will be reduced to 60 cents per month; by the year, in advance—by carrier \$6.50, by mail \$6.00, by the half-year, in advance—by carrier \$3.50, by mail \$3.25.

There is no good business reason whatever for making this reduction, except the popular demand, and to some extent the economic necessity, in a community sense, for a lowering of prices all along the line.

So far as The Register itself is concerned, its cost of production, per copy, is far greater today than it ever was before.

The operating expenses of The Register for August, 1920, amounted to \$12,920.28; in August, 1921, they had jumped up to \$15,618.26, an increase of \$2,6

FULLERTON MAN IS HELD AFTER CRASH

Charges of failure to give aid after an accident are faced today by Leonard E. Kelley, 23, of 215 East Whitney street, Fullerton, who was arrested with Miss Joy McGaughly of Fullerton, yesterday on North Flower street, this city, following a collision between Kelley's car and one occupied by the C. E. Forester family of 811 East Chestnut street. Miss McGaughly was at the wheel of a big National traveling north on Birch street, when their car struck the Forester car, a Ford, shoving it for some distance until it struck the curb. Two of the Forester children were thrown from the rear seat by the impact of the collision.

Kelley then took the wheel of the National and started backing away from the Ford. Ed Frambes, a contractor, residing nearby, stepped on his running board and advised him to wait until they could ascertain the extent of the damage.

"I'll go for a doctor," Kelley replied, according to Frambes.

With that, authorities say, Kelley drove on and turned north on Ross street. Report of the accident was turned in at police headquarters and at about the same time a call came in from a resident of North Ross street, saying that a large red car had been speeding along that street.

This answered the description of the National and Motorcycle Officer James was sent after the car. Meanwhile, A. H. Patterson, representative of an oil company, had undertaken the job of overhauling Kelley. This he did on North Flower when Kelley's car, the steering gear of which seemed to have been damaged in the collision, refused to make the turn to the right and he was forced to stop and "switch" his car around the corner.

Kelley still maintained that he was in search of a doctor. He and his companion were returned to police headquarters and booked on the charge of failing to render aid. Their arraignment is expected to be held tomorrow.

None of the Forester family was hurt in the collision, beyond a shaking up.

OFF THIS TOWN.

Because of the strict street regulations of parking automobiles and automobile lights in Woodbury, N. J., in which petty penalties are imposed, owners of cars are boycotting the town and going to centers where the rules are not so strict for their amusement and business.

HARDING VOICES PLEA FOR IDLE IN JOB PARLEY

(Continued from Page One)

must be reduced and wages of the miners in some sections cut.

The conference late today was divided into nine committees to study various phases of the unemployment problem. They are:

- Unemployment statistics.
- Emergency state and municipal measures.
- Emergency measures by manufacturers.
- Emergency transportation work.
- Emergency mining measures.
- Emergency shipping measures.
- A committee to hold public hearings.

Plans are for all the committees to frame reports as to what measures can be taken in their respective fields to end unemployment.

The text of President Harding's address follows:

Ladies and gentlemen of the conference:

It is a pleasure to express to you in advance of your labors the gratitude of the government for your service to the nation. Perhaps it is not too much to say—a service to the world. Not so very long since I was receiving the call of a distinguished foreigner and in the course of our conversation he alluded to the conference which is met this morning and said, "Mr. President: Our people are deeply interested in the American conference on unemployment, because our problem is akin to your own and your relief in the United States will be an added signal of hope for the homeless and other people who are like depressed."

That remark of a distinguished foreigner emphasized our responsibility. If it is true that no citizen is without example to some among his fellows, which I believe to be everlastingly true, the nations, great and small, are influencing others in all they do.

War inheritance

You are invited together to consider a condition which is in no wise peculiar to the United States. The industrial depression which we are feeling is a war inheritance throughout the world. We saw humanity stressed in that production which is impelled by nations desperate in self-preservation. We saw the industrial call to arms which marshaled the family as well as the accustomed broad winners, and we saw the spiritual, mental and physical might of the people's case in the scales measuring the might of the republic.

From such a test there is inevitable reaction. To such heights there is necessary ascent and descent. With the world involved there is no escape for any of the world from the valleys of depression. Though we suffered less than many of those with whom we were associated, and less than some of those against whom we contended, it was inevitable that we should experience the fever's aftermath and come to know depression before we could become normal again.

Hugging a Delusion

Liquidation, re-organization, readjustment, re-establishment, taking account of things done and the sober contemplation of things to be done, the finding of firm ground and the open, sure and onward way—all these are a part of the inevitable and avoidable by this plan or that, or this policy or that, or this international relationship or that, only bugs a delusion, when reason is needed for safe council.

Even though the world's storehouses were depleted, at the same time the finances were unbalanced and none was ready to store a crop for the more deliberate consumption of peace. Momentarily there was elation, but it was not the glow of abiding health. We mistook elation for restoration. Today we are met in realization.

There is always unemployment. Under most fortunate conditions, I am told, there are a million and a half in the United States, who are not at work. These figures are astounding only because we are a hundred millions and this parasite percentage is always with us. But there is excessive unemployment today and we are concerned, not alone about its diminution, but we are frankly anxious under the involved conditions, lest it grow worse, with hardships of the winter season soon to be met.

Is Difficult Problem

I do not venture to quote the statisticians, whether the maximum figures are accurate or the minimum more dependable. Owing to the far swing from intensive endeavor and the effort of readjusting expenditure—public, corporate and individual, from abnormal to normal—the problem of unemployment is the most difficult with which we are confronted.

But there are no problems affecting our national life and the welfare of the American people, which we cannot and will not solve. If we fail today we will try again tomorrow.

There has been vast unemployment before and will be again. There will be depression after inflation, just as surely as the tides ebb and flow, but we can mitigate, we can shorten duration, we can commit all America to relief. And all America has never failed when committed to a common cause. If, out of your councils, there comes a remedy which all America helpfully may apply today, it may be helpfully employed some time again when similar conditions are encountered.

Seek Speedy Convalescence

It is fair to say that you are not asked to solve the long controverted problems of our social system. We have built the America of today on the fundamentals of economic, industrial and political life, which made us what we are and the temple requires no remodeling now. We are incurably strong. We are constitutionally strong. We are merely depressed after the fever and we want to know the way to speediest and dependable convalescence. When we know the way, everybody in America—capital and labor, em-

ployer and employee, captains of industry and the privates in the trenches will go over the top in the advance drive of peace. Frankly, it is difficult to know whether we have reached that bedrock to which reaction runs before the upward course begins, but here are representatives of the forces which make for all we are or ever can be and your soundings ought to be reliable.

I would have little enthusiasm for any proposed relief which seeks either palliation or tonic from the public treasury. The excess of stimulation from that source is to be reckoned a cause of trouble rather than a source of cure. We should achieve but little in a remedial way if we continued to excite a contributing cause.

Hoover Heads Parley

It is not my thought to suggest your lines of conference. Mr. Hoover, the secretary of commerce, to whom has been committed the arrangements for this important meeting, will present the agenda.

I have wished to say to you that the people of the United States are very deeply interested, not alone the unemployed but all who are concerned for our common weal, and the world is looking on to find helplessness in our American example. Fundamentally sound, financially strong, industrially unimpaired, commercially consistent and politically unafraid, there ought to be work for everybody in the United States, who chooses to work and our condition at home and our places in the world depends on everybody going to work and pursuing it with the patriotism and devotion which make for a fortunate and happy people.

YANKS WIN FINAL GAME WITH INDIANS

(Continued from Page One)

Nally ahead of him. Hoyt out. Sewell to Burns. Miller out. Wamby to Burns. Peck fled to Wamby. Two runs, two hits, no errors.

Seventh Inning

Cleveland—Wamby out, Peck to Pipp. Speaker singled off Hoyt's bare hand. It was his first hit of the series. Smith walked. Gardner forced Speaker at third. Peck to McNally. Sewell walked, filling the bases. Burns singled to center, scoring Gardner, but Sewell was out at third, Miller to McNally. Smith also scored before the out at third. Two runs, two hits, no errors.

New York—Ruth walked on four straight balls. Meusel forced Ruth. Meusel out stealing. Pipp fled to Speaker. No runs, no hits, no errors.

Eighth Inning

Cleveland—O'Neill fled to Meusel. Graney batted for Uhle. Graney walked. Evans ran for Graney. Jamieson flew to Miller. Wamby doubled to right, Evans stopping at third. Hoyt was removed from the mound and Mays replaced him. Speaker fled to Miller. No runs, one hit, no errors.

New York—Morton now pitching for Cleveland. Ward singled to left. O'Neill to Burns. Schang out. McNally bunted a fly for a double. Wamby to Burns. No runs, one hit, no errors.

Ninth Inning

Cleveland—Darkness was settling over the Polo Grounds but it seemed sure that the ninth inning could be completed. Smith out, Ward to Pipp. Gardner walked. Stephenson ran for Gardner. Sewell forced Stephenson. Peck to Ward. Burns singled off Mays' hand. O'Neill fanned. No runs, one hit, no errors.

PICKLED PEARS.

To make sweet pickled seckel pears, wipe the fruit and cut off the blossom end, but do not peel. Stick two cloves in each pear; for seven pounds of fruit allow four pounds of sugar, one pint of strong vinegar, 1-4 pound of stick cinnamon, two table-spoons of whole mace and cloves to season. Heat the sugar and vinegar slowly to the boiling point, then add the fruit and cook five minutes or

Fishing Tackle—Hawley's.
All machine needles—Hawley's.

REDECORATE THE HOME NOW FOR FALL AND WINTER

New Patterns In Wall Paper

Make the home cozy and attractive for the long fall and winter evenings. A newly papered and redecorated living room or dining room will do much to make it brighter and more cheerful.

Before you decide upon the paper be sure to see our big variety of beautiful new patterns. Among the many designs and color combinations you will be sure to find something to appeal to your taste.

Prices this fall are lower, so you can get a very good quality paper at moderate cost.

We also have a good selection of remnants, enough of each pattern to cover a room or two, at greatly reduced prices. Let us show you what we have.

SERVICE
Our experience is at your command free to help solve your decorating problems.

Oil Paintings To Order

It is not too early now to plan Christmas presents. And can you imagine a more acceptable and more enduring gift than a good oil painting?

U. L. Gray, an artist of note, is here to execute orders for oil paintings of any size or any subject. During the past few weeks he has pleased some of Orange county's leading citizens with his artistic work.

You are invited to come in anytime to view his fine collection of paintings and see him at work on new pictures.

Right now you can get some exceptional values in completed pictures with frames, or he will make a painting to your order at very reasonable cost.

TO CATCH SCRAPES
Cretonne bag, made over a wire
frame is excellent for catching the
scrapes when sewing. This bag can
be hung at the end of the machine.

EAT BEETS.
Greens of young beets are not only
delicious, but are extremely valu-
able on account of their minerals
and vitamins.

USE GLASS.
Use glass food containers for left-
overs and staples as much as pos-
sible, for then contents are easily
kept and not forgotten.

AGAINST MOULD.
Mould on preserves can be kept
from forming if a few drops of gly-
cerine is put around the edges of the
jar before screwing on the cover.

NO WASTE.
It saves time to cut the dough for
baking powder biscuit with a sharp
knife. The biscuits will be in pret-
ty squares and these is no waste.

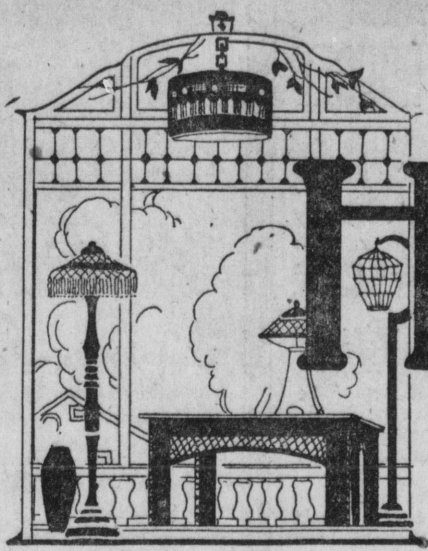

SAVE MEAT.
When running meat through the
grinder for hash, run a cracker or
two at the last. The cracker will
not harm the hash and it saves quite
a bit of meat.

IN BED EIGHT MONTHS

Cause—Change of Life. How
Lydia E. Pinkham's Vegetable
Compound Got Me Up

Afton, Tenn.—"I want other suf-
fering women to know what Lydia E.
Pinkham's Vegetable Compound has
done for me. During the Change of Life I
was in bed for eight months and
had two good doctors treating me,
but they did me no good. A friend
advised me to take Lydia E. Pink-
ham's Vegetable Compound, which I did and in a short
time felt better. I had all kinds of
bad spells, but they all left me. Now
when I feel weak and nervous I take
the Vegetable Compound and it al-
ways does me good. I wish all women
would try it during the Change of
Life for I know it will do them good."
—Mrs. A. KELLER, Afton, Tennessee.
Women from forty-five to fifty
years of age should take warning
from such symptoms as heat flashes,
palpitation of the heart, smothering
or fainting spells, or spots before the
eyes, and prepare their system for
this perfectly natural change by tak-
ing Lydia E. Pinkham's Vegetable
Compound. It has helped many
many women through this trying
period, just as it did Mrs. Keller.

Tuesday Special Step Ladder Stools

98c

One of the handiest articles around the house—
use it for taking down curtains, fixing pictures, clean-
ing high places, etc., etc.—you'll wonder how you got
along without it. And say, it is SOME bargain at 98c!

Horton's Great Annual Home-Makers Furniture Sale BEGINS TOMORROW—

New Record Values for 1921

It is a HOME MAKERS' SALE because it is offered at the time of year
when folks are busiest making homes. Then is the time a sale with genuinely re-
duced prices is WELCOME.

The best part of such low prices is that they are placed on furniture that is un-
usually fine—charming in designs, beautifully finished and well constructed—the livable,
comfortable type you would just naturally select at much higher prices.

Such values have not been seen in years. Note the prices listed on this page, then
come in and see how remarkable the values are. And see the hundreds of others we are
unable to crowd into this space. SALE BEGINS TOMORROW, TUESDAY!

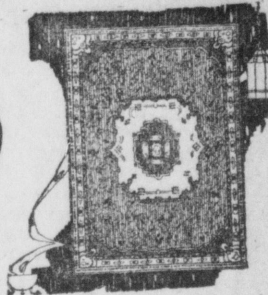

You Can Buy on Our Easy Payment Plan

Our easy payment plan may be used to make any purchase, large or small, during
this sale. The prices on each article are the same to all, whether for cash or on this
plan. This feature alone is sufficient to stir EVERYONE with the incentive to buy. SER-
VICE added to REDUCTIONS all over the store make this event the greatest in the year
FOR YOU!

Tuesday Special New 27x54

Brussels Rugs

\$1.59

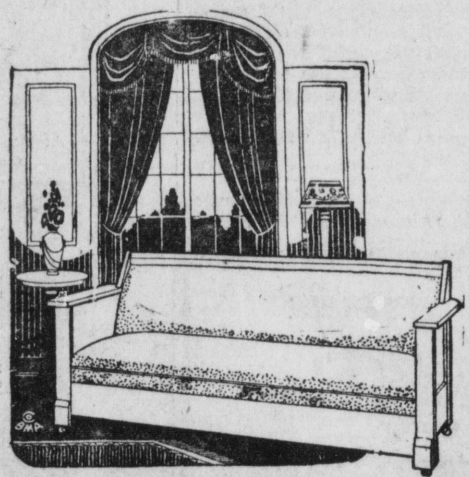

One of the star leaders for the first day of the sale
—beautiful Brussels rugs, size 27x54, in patterns suit-
able for any room, for any odd spot, easily matched
with your present rugs—extraordinary value at \$1.59.

No Phone Orders

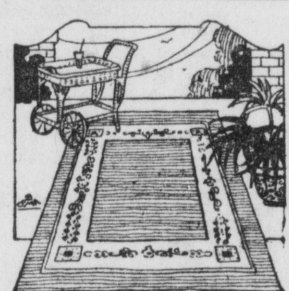

A Battery of Extraordinary First Day Bargains

Bed Davenports

\$37.50

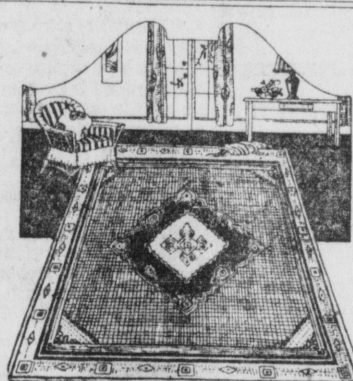

It's a value beyond comparison at this Home-
Makers' Sale price. Solidly built of beautifully
finished fumed oak, oil tempered springs covered
with the highest grade of durable imitation leather.
It is readily converted into a bed—price reduced
to \$37.50.

4x7

Grass Rugs American Made \$2.95

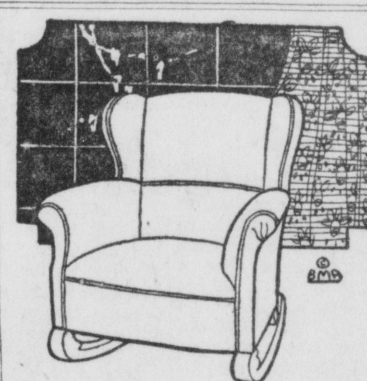

Waite Vogue Grass Rugs — an-
other special purchase expressly
for this sale, the same kind of
rugs exactly that made such a stir
last month. They'll go fast at this
price.

New 9x12

Tapestry Brussels Rugs \$22.00

A feature of the Home-Makers'
Sale is this new offering of Tapes-
try Brussels Rugs, size 9x12 feet—
new patterns, new high quality —
wonderful value at \$22.00!

Genuine

Leather Rockers \$23.50

It is seldom indeed that you can
buy a genuine leather rocker of
this type at this low price; a very
fortunate purchase enables us to
quote this remarkable value.

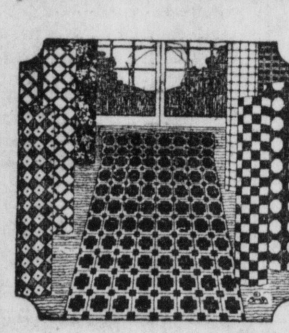

All Cotton Mattress \$6.45

Cotton has hit the sky, as
you have doubtless read in
the newspapers recently, and
we are confronted with the
fact that we will have to pay
more wholesale for these mat-
tresses than we offer them
now at retail. You may
have them, however, at \$6.45
as long as they last.

Bed Spring Mattress \$22.50

A 2-inch continuous post
bed in your choice of ivory,
white enamel or Vernis Mar-
tin finishes — a high grade
link fabric spring—a 40-lb. all
cotton mattress — the outfit
for \$22.50!

Print Linoleum 82c

A limited quantity of good
print linoleum, in desirable
patterns, at 82c a square
yard! Bring in your mea-
surements and come early.

—and 95c

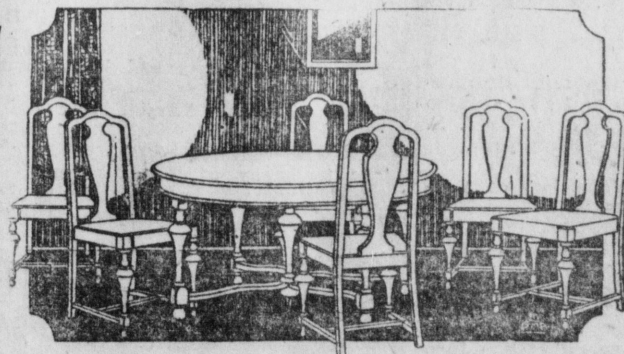

A heavier grade than the
above—all in the wanted blue
patterns and combinations. A
remarkable value at 95c a
square yard.

Dining Tables and 6 Leather Seated Chairs

\$79

William and Mary Period
Style-Jacobean Oak

The beauty of such a set as this is that at any time
you can easily match it with a buffet or china cabinet.
The chairs have genuine brown Spanish or blue leather
seats, the table has a 42-inch top and extends to six feet.
Made of Jacobean oak in William and Mary period design.
Many other equally as good values offered.

Marquisette 19c Yard

Cretonnes,
Nets, etc.

All draperies are on
sale, many at cost and
less than cost. For ex-
ample, we offer a fine
quality curtain net, 36
inches wide, in white
only, per yard 53c

Cretonnes in beau-
tiful, highly decorative
patterns, 36-in.,
special, yard... 45c

this Beautiful Range \$42.50

ers without the
cushions are re-
duced to the absurd-
ly low price of \$12.75.
All other pieces are
reduced in propor-
tion—Chairs, Tables,
Couches, Chaise
Lounges, Desks, etc.
—Reed flower vases
at \$7.50 and \$9.75.

THE CHEERFUL CHERUB

I love to hear music outdoors by the lake. While the waves softly lap my canoe. The sounds are all mingled in one lovely song.

That is man-made and Nature-made too.

City and County

Troy Wheeler, 14-year-old son of Mr. and Mrs. Thomas Wheeler, of West First street, was today undergoing the pain of having a broken forearm set for the second time. Troy had both the ulna and the radius of his right arm broken Saturday afternoon while cracking a car at the Ford agency on North Main street, but in setting the bones the first time they were not straight, necessitating the second operation.

A requiem high mass was solemnized at St. Joseph's church at 10 o'clock this morning for the repose of the soul of the Rev. Father P. Stoeters, pioneer priest of the Southwest and former pastor of the local church. The Rev. Father H. Eummele officiated and those in the choir were selected from the choir members under the pastorate of Father Stoeters, whose death occurred a month ago in Los Angeles.

The twenty-eight Santa Anas who availed themselves of the opportunity to join the newly-organized class in musical appreciation at the high school, were today anticipating the Tuesday gathering of that class. In the last period of the day, from 2 to 3 o'clock, Miss Lena C. Shepard, head of the music department of high school and junior college, organized the class which is designed to aid those who have not had the advantages of an education in music. It is open to every one in the city and music events Tuesday and Thursday afternoons at 2 o'clock.

William Waller, Trabuco canyon rancher, brought to Santa Ana today the head of a fine two-point buck. Waller killed the animal yesterday morning at a point known as "Deer head" in the canyon. Harry Twist accompanied Waller on the hunt. The deer head will be mounted.

John Bush, rancher of Olive, hooked a blackfish in the channel off Newport yesterday. In the instant that the big sea monster was taking Bush's line downward at a mile a minute he turned to ask Victor Walker, of this city, whether he should break his line. The fish decided the point for Bush without more ado. The line, known as a 24, snapped. The monster weighed at least half a ton, it was estimated. Others in the party which went out in a launch operated by Frank S. Walker, were Mrs. Bush and Mrs. Walker, Miss Grace Bush and George Loggins and daughter, Miss Lucille. Blackfish, which belong to the whale family, very seldom allow themselves to get hooked, it was said.

Santa Ana Odd Fellows of lodge 238, numbering about thirty, were today still recalling with pleasure their visit Saturday evening to the Westminster lodge. The Westminster Odd Fellows entertained their brother members with a good program. Among those who went from Santa Ana were: District Deputy R. K. Bishop, Noble Grand O. H. Clayton, Vice Grand Edgar Wilde, Treasurer Ed F. Waite and Trustee O. H. Umberham.

Committees were at work today at Fullerton soliciting stock for the new community hotel, drawings of which were approved last week by the board of trade. This is to be known as "hotel week" at Fullerton, and efforts will be made to get stock subscriptions signed up as soon as possible.

"Nomenclature of the Mountains and Canyons of Orange County" will be the subject of a paper to be presented by Terry E. Stephenson before the members of the Orange County Historical society gathered tonight at Santa Ana library for the first meeting of the fall. Reminiscences of the life along El Camino Real in 1860 will be given by J. E. Pleasants of Orange county park.

Miss Florence Yoch, landscape artist of Los Angeles, will address the members of the Monday club tonight at the Robert C. Northcross home, 1313 Spurgeon street. The subject for the evening will be "Beautifying Yards and Homes."

Motion picture "fans" of San Juan Capistrano were today eagerly awaiting the showing of a film in their newly completed theater. The opening took place last Saturday night and was eminently successful, it was stated today.

Plans for suggested improvements at Anaheim's new park to cost approximately \$100,000 are scheduled for formal presentation to the directors of the Anaheim Chamber of Commerce tonight. The plans have been displayed in Anaheim for a few days past.

Her beautiful Pasadena home burned to the ground, Miss Babe Rogers today stands a loss estimated at \$10,000. The fire occurred early yesterday morning while Miss Rogers was visiting artist friends at Laguna Beach. Among the articles lost in the fire were several valuable paintings.

Otto Bollman, Hollywood man who was seriously injured by falling from a cliff at Laguna Beach September 17, is "doing nicely" at the Community hospital here, it was stated today.

OLDSMOBILE-1917 MODEL

Cadillac Garage Company
201 N. Main St.

WOMEN READY TO BARE ARBUCKLE ORGY SECRETS

SAN FRANCISCO, Sept. 26.—Roscoe ("Patty") Arbuckle played the role of his own attorney in Superior Judge Lauderback's court today when he was arraigned on the grand jury indictment for manslaughter in connection with the death of Virginia Rappe, the "best dressed girl in the movies."

Arbuckle's attorneys were not in court when his case was formally called but was put over to October 3rd on account of the preliminary hearing now in progress.

The usual crowd of women was waiting in Police Judge Lazarus' court before the opening of the day's session of the preliminary hearing, which was scheduled for 10:30 a. m. Indications were that Arbuckle would have to wait until after that hour until the court disposed of the Monday morning list of petty cases.

Arbuckle waited in the judge's chamber, pending calling of the case.

Arbuckle came into court at 10:50 a. m., accompanied by his wife, Minta Durfee. He nodded "Good morning" to the newspaper men.

Minta Durfee wore a black hat with a honna veil and taupe tailored suit.

Arbuckle was wearing a blue Norfolk suit.

Dr. Arthur Beardslee, the first physician to attend Miss Rappe, was the first witness called for.

He could not be found, and Miss Zey Pyron-Prevost, show girl, who was a guest at Arbuckle's Labor day party, was next called for.

By M. D. TRACY, United Press Staff Correspondent.

SAN FRANCISCO, Sept. 26.—San sation piled upon sensation as the preliminary hearing of Roscoe Arbuckle, charged with the alleged murder of Virginia Rappe, "the best dressed girl in the movies."

With the exception of the testimony of Dr. Arthur Beardslee, one of Miss Rappe's attending physicians, following the alleged attack by Arbuckle, which was supposed to have caused her death, technical evidence will be off the boards and a menu of thrilling tales of Arbuckle's Labor day party and similar events was expected.

Doctor to Testify.

Dr. Arthur Beardslee probably will be called early in today's session, District Attorney Brady said.

It became known the defense had caused Al Semacher, Miss Rappe's manager, who gave a sensational testimony Saturday, to remain in San Francisco and expected to have him resume the witness stand. It was not certain, however, whether he would be called today.

Mrs. Bambina Maude Delmont, "avenger" of Miss Rappe and Zey Pyron, and Alice Blake, show girls, were to be called to the witness stand in succession to hurl whatever charges they have to make against the rotund comedian.

The defense, it was reported, was prepared to deal a bit in sensations, also, giving rise to a distinct impression that a "bomb shell" was being concealed in the brief cases of Arbuckle's lawyers which might be hurled into the center of the state's case at any minute.

Rigid cross-examination of Mrs. Delmont and Misses Blake and Pyron was expected from Arbuckle's lawyers.

Minta Durfee, Arbuckle's wife, and Arbuckle himself seemed refreshed today after 24 hours of rest from Saturday's experience.

"Roscoe has explained everything and I know he is innocent," insisted the pretty Minta. "When he is acquitted I hope we can go back to Los Angeles to live together again."

"He'll win back his old place in the hearts of the people. I believe he'll be more popular than ever."

DEPARTMENT STORES BORROWED BY CHILE

SANTIAGO, Sept. 26.—The department store idea has hit the bullseye in Chile. Comparatively a recent institution on anything like a large scale in this country, it has demonstrated its success, and though times are "bad" here, the perennial bargain-hunter is always evident.

A few days ago a large force of reserve policemen were necessitated to keep order in the entire block occupied by the city's largest store on the occasion of the opening of a sale.

Santiago now has two large, well-equipped department stores, handling everything from garden tools to groceries. A few weeks ago one of them opened a tea room, and it attained instant popularity, particularly among the youth of the city.

Most of the stocks sold by the department stores are imported from England, France and the United States. Among the American articles sold are shoes, food products, hats and some textile products.

American goods are popular, but their prices are not, and buyers are not taking chances of repeating heavy losses which have occurred on account of the swift rise in value of the United States dollar.

SCIENCE NOW CURBS RUSS PLAGUE DANGER

PARIS, Sept. 26.—The spread of epidemic in Russia in the wake of the great famine does not threaten Western Europe, in the opinion of Roux, head of the Pasteur Institute. Medical science has made such progress that epidemics can be checked and great cataysms such as visited Europe in the Middle Ages can be averted.

"I believe," said Dr. Roux, "that we know enough about such epidemics as typhus, cholera and plague to protect our frontiers. Germany and Poland are the countries which face the greatest task, as they are in first line, and in their hands mainly lies the responsibility for the security of Western Europe."

The best course open to the nations of Western Europe is to associate themselves with the international relief work already on foot, and particularly to keep close watch along the Russian Polish frontier.

"Refugees who are infected or may be bearers of germs should be thoroughly cleansed, and suspected cases should be kept under surveillance for a certain period. Typhus is only carried by lice, and plague by fleas, and once these are removed the victim is no longer a source of danger to his neighbor."

"As for cholera, vaccination is an effective preventive. It rendered great services during the war to the Greek, Rumanian and French armies in the Near East. Typhus vaccination cannot be very widely used, as no method has yet been found of breeding the typhus microbe and the serum must be taken from infected persons, which, of course, limits the amount of serum available."

FIGHTS FOR LIFE

Barely able to take a little bit of nourishment at times, P. E. Parsons, 70, is still holding his own at his home in Orange, where he has been in a semi-conscious condition since September 16, when he fell through an elevator shaft in the Kogler hardware company store, where he was employed.

Piano Instruction—Mildred Marchant; credit with High School work. Special classwork for beginners. Phone Tustin 149-M.

You are invited to hear the free lecture on Christian Science at the Yost theater tonight.

Market News

NEW YORK STOCKS

NEW YORK, Sept. 26.—Oils and steel, opening fractionally higher on the New York exchange today, were reactionary during the early trading, and many of the stocks dropped in the first hour. Some rallies and independent steels were firm.

The first sale of Royal Dutch was at 3-4 at 45 but the stock took a quick tumble at 43 3-4.

Opening prices included: Baldwin, 88, off 1-2; Central Leather, 29 1-2, up 1-4; Mexican Petroleum, 102, 1-2, up 1-4; Union Pacific, 123 1-2, up 1-4; Studebaker, 74 1-2, unchanged; U. S. Steel, 80, up 3-8; American Woolen, 76, up 1-4; Northern Pacific, 79, unchanged; Texas Company, 36, up 1-2; Crucible Steel, 64 1-4, up 1-4; New York Central, 72 1-2, up 1-4.

The market closed irregular. Closing prices included: U. S. Steel, 79 1-2, off 1-8; Crucible, 63 1-4, off 3-4; Baldwin, 86 5-8, off 1-8; Mexican Petroleum, 99 3-4, off 2-8; Pullman, 91 3-4, off 1-4; Reading, 72, off 1-4; Lehigh Valley, 54 1-4, unchanged; Southern Pacific, 79 1-2, off 7-8; Food Products, 40 3-4, up 1-8; Pennsylvania, 39 1-2; Corn Products, 78 1-8, up 1-8.

CHICAGO BOARD OF TRADE

CHICAGO, Sept. 26.—Grain prices were steady today in a dull market. There was some selling of wheat and oats by eastern houses, forcing the quotations down. There was little buying power and trade was exceptionally light.

Provisions were weak. September wheat opened off 1-4 at 123 1-4 and closed off 2. December wheat opened off 1-4 at 125 1-4 and closed off 1-4 at 123 1-4. May opened up 1-4 at 130 1-4 but dropped 1-4 at the close.

AEROCAR ATTRACTS MANY MOTOR FANS

Operating with a Buick motor that has been in constant use at high speed, and without repair, since the first of May, the aerocar that featured the parade of Buicks here last Saturday in connection with the formal opening of the Buick agency at 319 West Fifth by the Reid Motor company was driven to Los Angeles this afternoon by J. R. O'Neil, who has been demonstrating the machine.

The motor is in the front end of an aeroplane fuselage on a regular Buick chassis, with propeller attached to the shaft of the motor. The car is capable of making sixty miles an hour, with the possible speed limited only to the size of the propeller and the speed of the motor. The car was run over the streets of the city today and attracted a great deal of attention.

The formal opening Saturday was a complete success, visitors in large numbers calling during the afternoon and late into the night. Two sales of Buicks were made and many attending expressed their intention of buying new cars in the immediate future.

Another display of new model cars in Santa Ana Saturday afternoon and evening that attracted a great deal of attention was that of two types of Cadillac Model 61, shown at the Cadillac garage. The display room was attractively decorated and many persons viewed the latest creations of the Cadillac factory as represented by the sedan and phaeton.

Paul E. Kresley, city engineer of Newport Beach, fell in love with the phaeton on the spot and purchased the machine. He wanted to take it off the floor at once, but was prevailed upon by Otto Haas, manager, to let it remain on display until Wednesday of this week.

The sedan will be on exhibition all this week and the phaeton until Wednesday.

P. 6 S. A. Col 1—DRAGON—13

W. H. James has purchased the Dragon confectionery and has taken possession.

This announcement was one of the big surprises in business circles here today. The purchase of the business by James from Fred Fuller and Charles V. Davis was completed late Saturday afternoon, and James took possession that evening.

James will continue to operate his cafe and confectionery on West Fourth street. He probably will place a manager in each of his business enterprises, himself directing the general policy of the two stores.

The consideration involved in the transfer was not made public. Negotiations have been under way off and on for the past four months. That revival of the negotiations and their subsequent closing was quick is evidenced by the fact that for the first time in several weeks they were resumed Saturday morning and were closed before the day was over.

Fuller and Davis for the present plan to devote themselves to their ranch property and to a vacation merited by long and continued application to the development of the Dragon business.

Started in 1906

The Dragon first came into existence here in August, 1906, when Charles V. Davis and H. G. Hull purchased the confectionery business of Fred L. Mitchell, then located in the room now occupied by Vandermaast and Son.

The enterprise was moved to its location and opened there for Christmas of the same year. In 1907 W. D. Baker, now owner of the Baker bakery on West Fourth, and Fred Fuller bought interests in the store, Hull retiring. In 1912 Fuller and Davis bought out Baker and since have

STRIKING OIL MEN IN COMPANY HOUSES

United Press Leased Wire

BAKERSFIELD, Cal., Sept. 26.—Strikers renting houses owned by the Associated Oil company near here declared today that no notices of eviction had yet been received, despite current rumors.

Leaders asserted that under the law the strikers could demand thirty day's notice, and another thirty days in which to remove their belongings.

The company had taken no action early today on the rumored wholesale evictions.

Trouble over the picketing of Kern county highways has been largely eliminated. Automobiles are no longer stopped except by proper authorities. There are now 1000 deputy constables in the county, a majority of them members of the oil workers "law and order" committee.

COUPLE IN CHECK NET BREAK DOWN

An alleged full confession of guilt made yesterday by Alfred Frank Reynolds and Anna Violet Walters, who first posed as the wife of Reynolds, was repeated today in the district attorney's office by the pair, who admitted passing bogus checks totaling approximately \$850. At their preliminary hearing, set today for October 25, they plan to enter a plea of guilty, it was said.

Operations of Reynolds and the girl, who is 17 years old, extended through various Southern California cities, including Santa Ana. During three days' stay in this city they cashed a number of checks at business houses. A total of thirty-one spurious checks have been issued by them, they said.

After gaining a partial admission of guilt Friday and Saturday, local police officers secured a full confession yesterday. They learned also that the girl's name is Violet Anna Walter and not Mrs. Reynolds. The confession was given under dramatic circumstances as the couple, completely breaking down, poured forth their woe and avowed their wish to right part of the wrong.

They are not married, they confessed, but they want to be. There is a six-months-old babe, and the parents, sticking staunchly together in their trouble, showed strong desire to shield the child.

Today they were taken to the district attorney's office and there they retold the story. They will make no defense at their hearing, they said.

CHARGE OF CARRYING WEAPON IS DISMISSED

Failing to find evidence against the prisoner, Justice Cox today dismissed the case against Francisco Gutierrez, La Habra Mexican, charged with carrying a concealed weapon.

After it was learned that the weapon—a revolver, that was produced in the court released him.

Some mystery enveloped the weapon, which Gutierrez averred he had never laid eyes on before. Since one witness testified that he had removed the weapon from possession of Gutierrez and later returned it to him, and the gun had later been taken from Gutierrez again, an explanation appeared to be in order.

Gutierrez met the situation with the announcement that he had been so drunk he did not remember any of the incidents attested to. He was able to vaguely recall that "some men" had peddled the liquor around a camp where he had been employed. Gutierrez had previously been arrested and fined at La Habra for disturbing the peace.

PLEAD NOT GUILTY

Lois Crandall and E. H. Price, ranchers charged with plowing a public highway in the neighborhood of Westminster, pleaded not guilty when they appeared before Justice Cox today. Trial was set for November 10 at 2 p. m.

You are invited to hear the free lecture on Christian Science at the Yost theater tonight.

Prof. B. F. Beswick Teacher Miss Carter and "the Kids"

By OLIVE LOPEZ

"School days, school days,
Dear old golden rule days—
This was the theme woven through
the jolly reunion of the graduating
class of Jefferson grammar school of
the year 1912, held Saturday evening
in Orange county park.

The invitation to attend this
unique gathering was greatly ap-
preciated and enjoyed by me, as all
three of my children attended Jef-
ferson.

The members of the 1912 class
who could attend the reunion gath-
ered at the home of Fred Robinson,
on Bush street, last Saturday night,
and it was really delightful to hear
Prof. Beswick and Miss Lucy Car-
ter, former principal and seventh
grade teacher of Jefferson, exclaim
as "the kids" entered:

"Well, is this Cammie? Is this
Charlie? And here are Pansy and
Chester!"

As near as can be counted, the
married ones of the 1912 class have
seventeen future students, and there
was much speculation as to whether
these teachers would be privileged
to teach any of their "grandchild-
ren." Some of the wee folk were
present.

The real reunion was held in Or-
ange county park, where a feast of
good things to eat was enjoyed, in-
cluding wieners and hot coffee.
Streamers of maroon and gold, the
class colors, were hung from the
trees, also a pennant bearing the
words, "Jefferson, 1912."

It was decided to make the event
an annual occurrence, and Fred Rob-
inson was elected president and
Charles Jackman secretary-treas-
urer. All class members are to keep
the secretary advised as to their ad-
dresses.

Many laughable reminiscences of
olden days of "readin' and writin'
and 'rithmetic" were recounted by
"the kids," and Prof. Beswick and
Miss Carter made brief talks.

The following is the list of the
1912 graduates, many of whom, how-
ever, have changed their names:
Vetis Ammons, Ruth Andrews,
Helen Avery, Leslie Benson, Estol
Boehme, John Brumby, Jr., Eva Bur-
dick, Burton Chittenden, Frank
Connes, Josephine Dean, May Ech-
ardt, Eugene Eckley, Iola Edwards,
Warren Fletcher, Herschel Frye,
Herbert Goffier, Alpha Henry, Chas.
Herr, Charles Jackman, Maybell
King, Fannie Kingsbury, Pansy
Kingsbury, George Krook, Olive Lo-
pez, Carl May, Lamar Melton, Cam-
mie Mitchell, Adda Moore, Hazel
Newman, Malin Petz, Fay Pyeatt,
Fred Robinson, Esther Squires,
Thomas Trythall, Carol Van Cleave,
Helen Von Almen, Julia Walker,
Martha Williams and Kathryn Wol-
ford.

Congregational Church to Give Rally Dinner

Members of the First Congrega-
tional church are planning to con-
tinue their rally meeting with a fine
banquet and program on next Wed-
nesday evening.

The ladies of sections four and
five are scheduled to serve the din-
ner at 6:15 o'clock for fifty cents a
plate, and all members and friends
of the church are cordially invited.

The regular mid-week service is to
be held immediately after the din-
ner.

Miss Sarah Bundy, religious educa-
tion director for the Southern Cal-
ifornia conference will speak, follow-
ing several short snappy talks on
the general theme, "Dreams That
Must Come True."

On Thursday, at 10 a. m., section
two of the church is to meet at
Birch park for a picnic lunch, and to
spend the day with work and a good
time. There will be plenty of work
for everyone, in preparation for the
church bazaar to be held the early
part of December. All the ladies of
the church are invited to be at the
park Thursday.

Antelope Valley Proves Wonderland to Visitors

Mr. and Mrs. E. E. Remsburg, 1701
North Main street, Mrs. O. F. Rems-
burg, 1904 North Main street, and
Mr. and Mrs. Carl Seaman, of Yorba
Linda, have just returned from a
week spent in Antelope valley, a
week they consider one of the most
delightful of their lives.

Just at the time that the valley
was at its zenith of fruition, they
marveled at the things which they
saw, including one of the finest
flocks of Thanswing birds on the
700-acre Stewart ranch; great quan-
tities of pears, apples and grapes on
all of the ranches held their atten-
tion and one of the ranches visited
shipped 110 tons of pears last week.

The party was delighted especial-
ly with the Valermo ranch, owned
by Doctor Evans of Pittsburg. It is
located in the hills and has been
made a veritable wonderland and
an ideal Southern California show-
place by its owner.

The trip was made by motor
through Mint canyon, going, and
by way of Cajon pass, on the return
trip.

Prominent Business Man Weds Los Angeles Girl at Unique Ceremony

Amid a setting of magnificent
splendor, significant of the Greek
Catholic nuptial ceremonies, Miss
Evdora Hrisoberg, of Los Angeles,
and Mr. George Floras, of this city,
were united in marriage in the re-
ception room of Paulais' in Los An-
geles, yesterday afternoon, in the
presence of about 150 guests.

At 4 o'clock, just as the familiar
strains of Mendelssohn's "Bridal
Chorus," rendered by a twelve-piece
orchestra, were heard, the bridal
party entered.

Mrs. Charles Saparos, of Culver
City, as matron of honor, wore a
beautiful gown of beaded pink geor-
gette and carried an armful of pink
roses.

Two of her dainty little daughters,
clad in pretty frocks of satin and
tulle, preceded the bride, scattering
rose petals in her pathway.

The bride, an exquisite picture of
Greek loveliness, wore a beautiful
gown of shimmering white satin,
which was heavily beaded and made
en traine, the latter, edged with tiny
white ostrich tips was carried by
two wee little girls. Her veil of tulle
was caught to her hair with orange
blossoms and fell in soft folds the
entire length of her gown. She car-
ried a shower bouquet of orchids, val-
ley lilies and ostrich tips.

Mr. Frank Kalos, partner in busi-
ness of the groom, acted as best
man, and, as is customary in the
Greek ceremony, there were several
other attendants, including the
bride's sister, a brother, and Mr.
Charles Saparos of Culver City.

The impressive double ring cere-
mony was read by the Greek Catho-
lic priest, of Los Angeles, and while
the vows were exchanged four little
lads, dressed in white sailor suits
held four large cathedral candles
which shed a rosy glow over the
pretty affair.

Following the ceremony a recep-
tion was held, terminating with a
sumptuous French dinner at 6
o'clock. The appointments were
elaborate and the orchestra enter-
tained throughout.

The happy couple spent last night
at the Ambassador hotel, leaving
early this morning by aeroplane for
San Pedro, where they were to sail
this afternoon for Catalina to be
gone two weeks, followed by another
pleasant week at San Francisco.

After October 15 they will be at
home in a lovely new bungalow here
on West Chestnut street.

The groom is well known here,
having conducted the Columbia cafe
in partnership with Mr. Kalos, for
several years, and whose through his
courtesy and splendid business meth-
ods he has won highest respect in
the business life of Santa Ana.

The bride is one of the charming
and talented daughters of the late
G. Hrisoberg, prominent produce
man of Los Angeles and Greece.

After the death of her father here
about one year ago, the bride, with
her mother and sister, came here
from Greece to live.

Twelfth Birthday Marks Memory Milestone In Children's Lives

Master John Kenneth Norton was
host Saturday at his home, 301 West
First street, to a group of his young
friends, in honor of his twelfth birth-
day.

The fun began with a delicious
birthday dinner at 6 o'clock. The table
was centered with a huge bowl of
brilliant hibiscus and dainty place
cards marked covers for:

The Misses Corinne Blackburn,
Helen Drake, Lillian Flannigan;
Masters Jack Flannigan, Lloyd
Young, Paul Gustin and the host.

During the evening the gallant
young host entertained his guests at
the West End theater where they
viewed "Bob Hampton of Placer."

After the performance all returned
to the Norton home, where a party
of grown-ups were celebrating the
birthday of young Master Norton's
father, Mr. John W. Norton.

The remainder of the evening was
spent merrily and the hostess served
dainty refreshments.

The older guests included:
Messrs. and Mesdames George A.
Andrews, J. B. Flannigan, John H.
Klein and Mr. Holly.

Master Norton received many
lovely gifts from his guests, which
were appreciated as only a boy of
twelve can express his joy on such
an occasion.

Social Calendar

September 26—Meeting, Ebell soci-
ety at Elks' hall.
September 27—Meeting, W. C. T. U.,
at home of Mrs. G. J. Mosbaugh,

Fifty Years Married

Mr. and Mrs. Earnest H. Rurup

At the age of 72 and 70 years, re-
spectively, Mr. and Mrs. Earnest H.
Rurup, of North Flower street, cele-
brated their golden wedding anni-
versary Thursday, September 22.

Surrounded by their own nine
children, and their families, they
were a picture of perfect content-
ment and happiness.

Mrs. Rurup, who is youthful in
appearance, attributes this some-
what to the fact that in the face of
no matter what circumstance
throughout her life, she has made
the best of things, and always had
her wonderful husband to care for
her. On the other hand, Mr. Rurup
confided that he considered himself
the luckiest man on earth to have
such a good and faithful wife.

The Rurups were married at Cot-
tage Grove, Wis., at the home of a
cousin, Mrs. Charlotte Rurup, who,
although 83 years old, journeyed to
this golden replica of the pretty
wedding that took place in her old
home years ago. She came from her
present home at Oakland and joined
heartily in the merrymaking.

The Rurup home had been made
a bower, with gorgeous dahlias pre-
dominating.

The dining room was decorated
with great baskets of golden African
marigolds, and the table was elabo-
rately appointed with a huge wed-
ding cake. On this cake, of gold and
white, the dates, 1871-1921, were
inscribed.

Dainty place cards marked the
places for fifty, and the delicious
four courses, which were prepared
by caterers from James' were serv-

ed by three granddaughters and two
daughters, clad in orange colored
frocks. They were the Misses Le
Vera, La Verne and Mary Marks,
and Mmes. Emma Hill and Minnie
Courthay.

The honored couple received many
beautiful gifts, among them a gold-
headed cane for Mr. Rurup, and an
engraved wrist watch for Mrs.
Rurup.

The evening was passed in sing-
ing old-fashioned songs, in dancing
and listening to music.

In addition to the couple's nine
children, there were present nine
grandchildren, including two sets of
girl twins, one set, aged 8 years, the
daughters of Mr. and Mrs. Walter
Rurup of this city, and the other
pair the daughters of Mr. and Mrs.
Holan of Orange. Seven grandchil-
dren were unable to attend.

The nine sons and daughters are:
Charles L. Rurup of Utica, Neb.;
William A. Rurup of Harvard, Neb.;
Henry C. Rurup of Phoenix, Ariz.;
Walter F. Rurup of Santa Ana; Er-
nest G. Rurup of Fresno; Mrs. Clara
L. Holan of Orange; Mrs. Minnie
E. Courtney of El Centro; Mrs.
Emma M. Hill of West Orange, and
Mrs. Fleta H. Erwin of Santa Maria,
all of whom were accompanied by
their wives or husbands and chil-
dren, with the exception of the two
first named.

The Rurups came here from Au-
rora, Neb., just twenty years ago
and since that time have entwined
themselves around the hearts of
their neighbors and friends, who

THE PATCHWORK QUILT HAVE YOU A PIECE TO PUT IN IT?

By ELEANOR ELLIOTT

"My heart is so heavy, my sweet-
heart is cold
And treats me unkindly," quoth
he.

"When'er I beseech her and beg
her to wed
She turns the cold shoulder to me!"

His friend laughed aloud at his look
of despair
And replied "Cheer up, Pal, it's all
right.

The reason she turns the cold shoul-
der to you,
Is because it's so dimpled and
white!"

HOW MUCH of a vocabulary have
you? G. Bernard Shaw, in his pre-
face to "Back to Methuselah," as-
serts that he has at his command,
the complete vocabulary of the Eng-
lish tongue from Shakespeare down
to the latest edition of the Encyclo-
pedia Britannica, and that he never
consults a thesaurus except on an
occasion when he desires to use a
third or fourth synonym.

Is it then to be wondered at that
he feels called upon to send so many
messages to a waiting world?

Had we such a vocabulary as that,
we'd have to write more than a sin-
gle Patchwork Quilt a day in order
to keep our words from rusting. We
would have to establish a factory for
the manufacture of Quilts and turn
out such quantities each day that the
city of Santa Ana, the state of Cal-
ifornia, and finally the whole country,
would be in danger of smothering
under the burden of quilts.

"DEAR PATCHES" (writes the lit-
tle bride) "I was overwhelmed yes-
terday upon receiving a set of beau-
tiful short glasses of the brides-
candle variety, a delayed wedding pre-
sent. But woe is me! When I put
them beneath the faucet to wash the
excelsior dust off, all the pretty rain-
bow washed off too and floated on
the surface of the water! What
does one do when the rainbows won't
wash without fading?"

And we have to confess we don't
know. We are much given to
catching rainbows, but have never
yet succeeded in catching one, even
temporarily—on a sherbet glass.

THEN COMES Betty Lou who
sings:

"Love is like a bubble
Brightly hued and dancing
On the brink of trouble,
Mortal heart entrancing.

"But when breaks the bubble
And its colors are no more,
Aches the heart in trouble
Which the dancing cured before."

PENELOPE RESPONDS to the
lure of pronouncements which we all
dislike, with the following:

A grievous fault,
Hath Betty quilt,
And one that's trying, very.
For word that's new,
She searches through
Her Webster's "diction-ary."

Has any one else a pet antipathy
which he or she will voice in rhyme?

Wild Animals We Haven't Known
I'd hate to be an octopus.
He's such a funny looking cuss!
His eyes are nice, his smile is chaste,
But ah, so much has gone to waist,
Because his body is his head.
His legs just ain't, they're arms in-
stead.

Of these there are a dozen or
more—
He'd be the army in a war.

TO MAKE SURVEY OF COUNTRY'S HIGHWAYS

SACRAMENTO, Sept. 26.—There are approximately 61,000 miles of dedicated roads of all kinds in California and of this mileage 9 per cent or 5500 are in the state highway system. The maintenance of this tremendous state system is a constantly growing problem as the mileage of improved highways increases. At present over 3200 miles are constructed and under maintenance, but the traffic is doubling every thirty months, without any proportionate increase in funds for maintenance. The road problem is fast becoming of first importance among governmental activities, and it requires no stretch of the imagination to visualize the entire nation fretted with improved and semi-permanent highways.

Realizing the importance of the subject, the Federal bureau of public roads, which recently made a survey of the California state system, showing the present state paved roads earning \$20,000,000 a year, is undertaking a project of ascertaining the total mileage of rural and urban highways in the United States; the character and extent of their improvement and the origin and disbursement of funds for their improvement and maintenance. In speaking of the project, the federal bureau says:

"The need for such a survey is most urgent. The whole matter of federal co-operation in road construction is now under consideration in congress. While there are a number of conflicting opinions as to the methods which should be adopted by the government, it is practically certain that future federal participation will be limited to a small percentage of the roads of the country. To provide a basis for future action by the government it is imperative that an accurate picture of the present highway situation be obtained both with respect to the whole field to be covered and also as to the part of the work that has already been done.

From the standpoint of the states and local communities themselves, it is highly desirable to collect for purposes of reference, information as to the methods of administration and financing employed by every community. The states have set out to build extensive state road systems; counties and local communities are voting large amounts of bonds and taxing themselves to the limit in order to raise funds for

HER TROUBLES AT LAST NOW ENDED

"I had no idea Tanlac could do so much for me in a short time," said Mrs. Dorothy LeMoine, 3839 24th St., San Francisco, Cal.

"For nearly three years my stomach was so disordered that everything I ate would sour, causing gas, bloating and intense pains. I ate very little and slept very poorly. On top of all this, about three months ago I contracted rheumatism in my back and right leg, which caused me awful suffering and got me to where I couldn't do a bit of work.

"But just three bottles of Tanlac drove away the rheumatism completely and put my stomach in such good condition that I now eat heartily of just anything I want and nothing ever hurts me. I have gained considerably in weight and feel like an entirely different person. Tanlac has helped me so much and so quick that my husband, who has not felt good for a long time, has started taking it, too. It certainly has been a wonderful thing for me and my gratitude is unbounded."

Tanlac is sold in Santa Ana by The Rowley Drug Co.

the betterment of their roads.

In the main, each state and each community is proceeding to the solution of its own local problems with no conception of what the other is doing. Every state and every community will gain by a better knowledge of what is being done elsewhere, particularly in respect to methods of administration and financing. Common council is a wonderful solvent of difficulties, and the survey which is being undertaken will serve as the means for an interchange of ideas which should be most beneficial to every community and to the nation as a whole.

The bureau believes that, with the total annual road and street expenditures rapidly approaching the billion dollar mark, it is time that the nation made a careful survey of the entire field of public highway activity in order that it may have at least as much accurate information in regard to the essential features of our highway work as a private organization would hold absolutely indispensable in the interest of common sense, efficiency, and economy. The present plans provide not only for securing these data for this year, but look forward to keeping this information up to date.

The bureau of public roads has 13 federal district offices which exercise control over federal-aid projects throughout the nation. It is proposed to make these offices the centers for gathering the data from the states comprising each district.

MAN SOUGHT IN S. A. JAILED AT GATE CITY

Wanted in Santa Ana, according to authorities, on a charge of forgery, F. W. Johnson, who asserts that he served four years with the Canadian forces during the World War, was being held in the county jail at San Bernardino today, following his arraignment at the Gate City on a charge of attempting to cash spurious Canadian bank drafts there.

The specific charge against Johnson at San Bernardino was that he obtained money on false pretenses. The complaint was sworn to by George Rudell, San Bernardino automobile man, for whom Johnson worked a short time.

At the arraignment the arrested man made a strong and dramatic plea to be released on his own recognizance. He based his plea on the fact that he has a wife and two children to support. Sheriff W. A. Shay of San Bernardino opposed Johnson's request by stating that the family was being cared for by the San Bernardino county welfare commission. Johnson's plea was denied and bail fixed at \$500.

Johnson stated that this was the first time he had ever committed a wrong and would be his last.

Should San Bernardino authorities fail to convict Johnson he will probably be brought to Santa Ana to face the forgery charge.

ADJUSTING VIBRATOR COILS.

In cases where excessive current consumption develops in connection with vibrator coils, the condition probably will be found to be due to excessive tension on the vibrator springs. The spring adjustment should be loosened until missing develops in the motor and then tightened until the engine begins firing regularly again. When the tension is tightened beyond this point, excessive consumption results.

WILL REFEREE SERIES

SAN FRANCISCO, Sept. 26.—William H. McCarthy, president of Pacific Coast league, today wired Judge Landis at Chicago, accepting the latter's invitation to act as "judge" of the Chicago Cub-White Sox series.

BIDS FOR CITY HALL ALTERATIONS TO BE OPENED THIS EVENING

Bids will be opened tonight by the city council for alterations and repairs to be made at the city hall according to plans and specifications drawn by W. W. Kays. The work is to be done under three divisions and bids for each have been advertised for, to be opened this evening. All bids were scheduled to be filed with the city clerk by 5 o'clock this afternoon.

Separate bids are asked for installation of a heating system, alterations and additions, and repairs of the roof of the city hall.

Bonds in the amount of \$12,000 were voted for the work some months ago. It is the expectation of the council to get the work under way as soon as possible after contracts are awarded.

FATAL CAR-AUTO CRASH IS PROBED

Los Angeles county authorities today investigated the circumstances surrounding the deaths of two boys, John and Frank Badostin, aged 12 and 19, respectively, who were killed late yesterday afternoon when the automobile in which they were riding with their parents was struck by a Pacific Electric car at Crescentia crossing, near Artesia, on the Santa Ana line.

The lads were the sons of Mr. and Mrs. B. Badostin, 807 El Sereno avenue, Sierra Vista. The parents were only slightly injured.

According to Pacific Electric officials, the Badostin machine stalled on the tracks in front of the on-rushing train. The motorman, J. B. Murphy, applied the emergency brakes, but the car crashed into the automobile before he could stop. The car was derailed by the impact.

There is no wig-wag signal at the crossing according to the railroad men but the intersection is open and the track is visible in both directions.

The boys were riding in the back seat of the machine.

The train was in charge of Conductor A. M. Long.

You are invited to hear the free lecture on Christian Science at the Theatre tonight.

Mother Goose and Dad's Twin bread — best you ever tasted — at the Dragon.

Our Quality is the best, but cheaper than the rest. Lees Luncheonette, Hill's Market, 1th and Broadway.

SAILORS JAILED AS CARS CRASH ON HIGHWAY

Alleged to have disturbed the peace at Newport and later to have disrupted traffic near Costa Mesa, where the machine which they were riding collided with two other automobiles, Floyd W. Carr, 19, and Joseph Kasper, 22, sailors from the U. S. S. Idaho, now in San Pedro harbor, were prisoners at the county jail here today.

Carr was sentenced to serve ten days for disturbing the peace, while Kasper was held on charges of driving an automobile while intoxicated. The latter's bail was fixed at \$500 and his preliminary hearing was set for September 29 at 10 a. m.

Hire Stripped Car
The two hired a stripped car belonging to W. H. Shideler, 104 East Fourth street, San Pedro, and drove to Newport Saturday.

City Marshal Porter of the beach city halted them for alleged reckless driving, and that evening when they appeared before Justice Leo Goepp, in spite of the fact that McGee drove entirely off the paving to avoid them, according to his statement.

Later in the evening they started to drive to Santa Ana.

A mile east of Costa Mesa they struck a Buick car driven by J. I. McGee, 316 Fourth street, Santa Ana, in spite of the fact that McGee drove entirely off the paving to avoid them, according to his statement.

Cars Collide
They had scarcely started to proceed when they struck a speedster driven by Randall Wallace of Brea.

McGee's car had escaped damage, but that of Wallace suffered a sprung frame in the collision. No one was injured in either collision.

The charges against Kasper grew out of the accidents, and the sailors were taken into custody by City Marshal Porter of Newport.

HOSPITAL FUND DRIVE BOARD NOT YET NAMED

S. J. Cornell, who is to be director of the campaign to raise a fund of \$250,000 for the Santa Ana Community Hospital association, today had not completed selection of his advisory committee. He had failed also to secure a location for headquarters in the downtown, close-in section of the business district, it is said. Cornell was out of town most of today on other business.

THE FLAVOR LASTS

COYOTE DEPARTS FROM TRADITIONS

SAN DIEGO, Sept. 26.—Another unusual wild animal story, the second this season, comes from Hurler grove, the resort in the Cuyamaca mountains. About a month ago a big gray fox, apparently suffering from rabies, attacked a member of an automobile party while repairs were being made to the machine and the party was standing by the roadside. The fox was killed in a hand-to-hand encounter being subdued by blows from a pair of pliers.

Recently a lean, half-starved coyote established a new precedent by strolling, unaccompanied, close into camp. Mr. and Mrs. H. B. Silvey of San Diego, guests at the resort, were taking a walk after supper, when they spied the animal just back from the road, in the darkness they at first took it for a dog. It ad-

vanced towards them and they then discovered it to be a coyote. Somewhat startled, Mr. and Mrs. Silvey ran back to the hotel and told of their experience. Robert Clark, son of Dr. V. G. Clark of San Diego, procured a shotgun and with Mr. Silvey walked back to where the animal was first seen. They found the coyote had wandered only a short distance. As the two men approached him, the animal started toward them. Clark raised his gun and fired. The coyote dropped dead with a charge of shot in his head.

Old timers in the mountains cite the case as most unusual and a distinct departure from the cunning of coyotes to come within shooting distance, especially when they are aware they are being hunted.

Whether the coyote in its starved condition would have attacked the hunters is a question, but it is thought probable it was crazed with hunger. At such times coyotes have been known to attack humans.

TORRANCE LEASE WELL AT BEACH WILL SOON COME IN, IS BELIEF

Oil operators on the Standard well on the J. S. Torrance lease were today completing pipe line connections anticipating the bringing in of a good well within a short time. Drilling is now at 4450 feet unusually deep for the Huntington Beach field, it is said.

The Amalgamated Pierce well is steadily improving and was today running at a rate of 400 barrels a day. Before the well came in indications had led operators to believe that the well would be a revelation to the field so far as use of rotary tools was concerned. Work of cleaning out the hole has been finished and the well is expected to improve from now on.

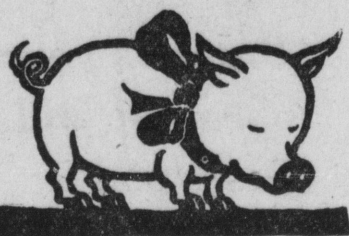

Dr. Mark C. Myers, Urologist.

THOUSANDS SEE 91ST VETS IN L. A. PARADE

"Powder river! Let 'er Buck!" And how the Ninety-first division boys did "make 'er buck" in their two-day reunion in Los Angeles. Orange county men were home today and at work full of "pep" engendered by contact with their "buddies" with whom they walked into the jaws of death during their participation in the World War.

That the greeting of old comrades was sincere was evidenced in more than one instance when buddies met each other at headquarters or on the streets and fell into each other's arms for an embrace. Tears were in evidence in numerous instances. Some met for the first time since going into battle. It was a big, happy bunch of heroes that "milled around" the headquarters of the various units and laughed and shouted.

Demeanor Different. Their demeanor was very different from that of the same date of three years ago, when, with determination to sacrifice their lives if need be in the cause of world freedom, they were waiting for the zero hour that would signify their baptism in fire.

Saturday the 364th, with which regiment most all of the Orange county men were identified, had its big banquet in the gymnasium at the Los Angeles Athletic club. The big room was filled with hungry, shouting boys, some in uniform, others in "civies." It was a big "feed" and big time.

Captain Albert Rollings, of Santa Ana, who commanded the Supply company, was at the head of the table, and was given a rousing greeting by his men. While a program of entertainment had been provided, the soldier boys were too much interested in talking to each other to take interest in the entertainment features and the entertainers were at a disadvantage.

The parade yesterday afternoon on Figueroa street from Washington to Exposition park was a fine demonstration and was witnessed by thousands of persons from all over Southern California.

Coyle Named Head. In the election of division officers, Captain William J. Coyle, of Seattle, of the 363rd Infantry, was chosen president of the Ninety-first Division association. George H. Platt, of Santa Ana, was chosen as a member of the executive committee. Other officers elected were:

Vice President—Corp. Clifford A. Hughes, Los Angeles, 362nd Infantry. Treasurer—Lieut. R. H. Stevenson, San Francisco, 316th Field Signal Battalion. Secretary—Sergt. Maj. Ames I. Herz, San Francisco, Headquarters 182nd Infantry Brigade. Historian—Lieut. Col. Thomas A. Driscoll, San Mateo, Headquarters 91st Division.

Seattle, Wash., was chosen for the third annual reunion next year. The executive committee is composed of delegates from each state, with California divided. These are the members:

Northern California—Lieut. James

MOTOR BANDITS IN BOLD BEACH THEFT SOUGHT

Orange county authorities today continued to keep a lookout for two auto bandits who early Saturday evening at Seal Beach held up two motorists and escaped with \$50 in cash, a valuable gold nugget and a watch chain.

Driving into Seal Beach from the north, O. B. Dewitt and William Nunn, both of San Bernardino, found their passage blocked by a car turned across the road.

The occupants of the bandit car alighted swiftly and "covered" the San Bernardino men while searching them. All of the money and valuables lost were taken from Dewitt, except a dollar bill secured from Nunn. While the search was going on, Dewitt furtively detached his watch from its chain. The bandit searching him snatched hastily at the chain and either failed to note or to investigate the absence of the watch.

The bandits, after the robbery, returned to their car and drove away in the direction of Santa Ana. The sheriff's office here was later notified, but so far no trace of the car or its occupants has been found.

CHICAGO HARPISIT WILL APPEAR HERE

Through the efforts of Ollimee Enlow Matthews, director of the orchestra which will furnish the music for the performances of the Santa Ana Community players, Miss Catherine Jackson, Chicago harpist, will be present at the first performance with which the Community players will usher in their winter season. Mrs. Matthews and Miss Jackson will appear in three duets arranged for harp and violin.

The orchestra for the winter's program of plays will consist of Mrs. Matthews, director and violinist; Edward Burns, cellist and Earl Frazer, pianist. A program of the best of classical music is being arranged for the different offerings, and Santa Ana music lovers are assured of a treat.

The tryout for "Potash and Perlmutter," the season's first offering of the Community players, will be held at 7 o'clock tonight at the auditorium of the high school. It is hoped that every Santa Anan who has histrionic ability will be present and enter the tryouts for the various parts.

Boyd, Willows, and Sergt. Philip Katz, San Francisco, Southern California—Sergt. Thomas Padden, Los Angeles, and Sergt. George H. Platt, Santa Ana. Montana—Corporal J. B. C. Knight, Anaconda, and Captain Thomas Busha, Butte, Utah—B. Melgrum, Ogden, Nevada—G. B. Gilliland, Tonopah, Wyoming—Lieut. R. R. Esmay, Douglas, Idaho—Sergt. Chester H. West, Twin Falls.

HOLD FUNERAL RITES FOR OIL MAN KILLED IN FALL OFF DERRICK

Funeral services for Arnold W. Hill, 30, of Norwalk, were conducted this morning at 10 o'clock at the chapel in Whittier Heights cemetery. The Christian Science service was read first, followed by that of the Masonic lodge, of which the deceased was a member.

The death of Arnold Hill came last Thursday, following a fall from an oil derrick on the Murphy-Coyote lease near Fullerton, where he was employed by the Standard Oil company.

Efforts by radio to reach his mother, aboard a vessel bound for Honolulu, and to apprise her of the tragic death of her son on the day following that on which she called, were fruitless and she will be met with the sad tidings upon her landing at Honolulu.

Hill was survived by his wife and 3-year-old child. Burial was made in a crypt of the mausoleum of the Whittier Heights cemetery.

ARRANGE FOR RED CROSS ROLL CALL

Preliminary steps looking to the organization of solicitors for the annual roll call of the American Red Cross in Santa Ana and in communities with auxiliaries affiliated with Santa Ana chapter are being taken by Mrs. Susie Rutherford, chairman of Santa Ana chapter.

A chairman for the drive is to be appointed. Mrs. Rutherford stated today, at a meeting of the directors of the chapter, that she hopes to be able to announce a chairman within a few days.

The drive is to start November 11. The necessity of securing a membership of not less than 3000 in Santa Ana was made apparent this morning when the directors reviewed their plans for the coming year.

Under the arrangements with the national Red Cross, fifty per cent of the money taken in the roll call goes to the national organization for use in such emergencies as that produced by the flood at Pueblo, Colo., and fifty per cent remains with the local organization for use at home. Santa Ana chapter has applied its home fund largely to the maintenance of a community nursing department, and it proposes to continue that department throughout the coming year. Some of the money has gone toward aiding ex-service men and their families.

MEXICAN SUES ORIENTAL. K. Yanai, Mexican laborer, has filed action in superior court against K. Nagano, a Japanese, to recover \$795, which he alleges is due him from the defendant as wages for labor performed on Nagano's ranch near Garden Grove. Harry K. Smith is attorney for the plaintiff.

REWARD OF \$100. A reward of \$100 is offered to anyone giving evidence leading to the conviction of any person who maliciously cuts, tears or in any way defaces books or magazines in the Public Library. By order of Board of Library Trustees.

FRESH CLUE IN SEARCH HERE FOR SLAYERS

Spurred on by the belief that the two men sought tally with the descriptions of Juan Palmarin and Jose Negretta, wanted in Riverside county for the murder of Deputy Sheriff Theodore Crossley and Henry P. Nelson and for seriously wounding Martin Helm, 17, men acting under instructions from Sheriff C. E. Jackson today watched all roads in the county in the hope of picking up two Mexicans who late yesterday at Norwalk attempted to hire a taxi to take them "south" from that place.

The fact that the two suspicious-looking character were seen at Norwalk resulted in a call from Los Angeles county authorities to Sheriff Jackson requesting that he be on the lookout for the pair.

Because the two men avoided the stage that makes regular trips in the desired direction and also because of their likeness to the descriptions given of Palmarin and Negretta, suspicion concerning them was aroused.

Men Keep Watch. Sheriff Jackson advised his forces in various parts of the county to keep a watch on the roads in the hope of picking up the suspects.

City Marshal Sam Jernigan and his men were also keeping a watch for the slayers, aided by a photograph of Palmarin just received by the police department.

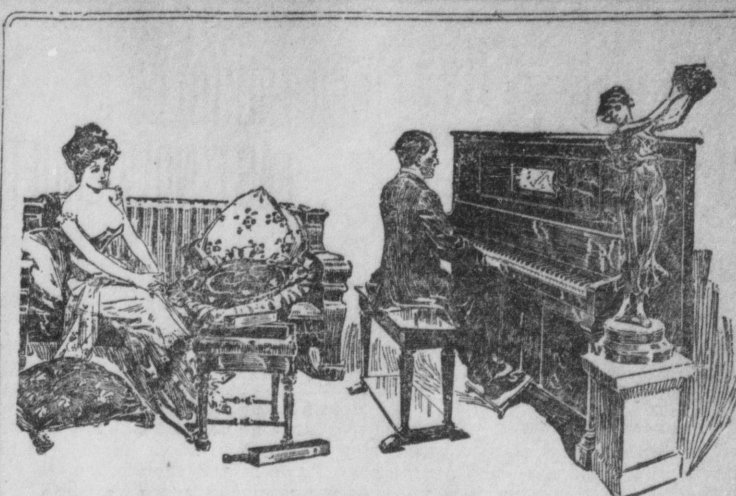

Meanwhile the search was being maintained by officers and posses not only in the vicinity of Riverside but elsewhere. Riverside officials have expressed the belief that the two men escaped over the Mexican border, but the report from Norwalk revives the possibility that they are still on this side.

Gets Ninety Days. Joe Gutierrez, one of three Mexicans arrested by deputy sheriffs in the Santa Ana canyon Friday on suspicion of being connected with the Riverside case, was today sentenced to ninety days in the county jail when he appeared before Justice J. B. Cox on a charge of transporting intoxicating liquor. His explanation of the presence of liquor found in his possession at the time of his arrest was that he had "found it under a tree."

Dave Gutierrez, brother of Joe, and Jose Hernandez, both of whom were arrested with Joe, are scheduled to appear before Justice Cox tomorrow.

NEW STEAMSHIP LINE. MONTREAL, Sept. 26.—It has been announced that the Canadian Pacific railroad is to enter the Baltic-German passenger trade by making Dantzig a port of call for the eastward runs of the liners Scandinavian and Corsican, which have hitherto been calling at Southampton and Antwerp only. The first call will be made by the Scandinavian, leaving here October 1, and the second call by the Corsican, leaving this port October 15.

CRANSTON MITCHELL TAKE PART IN MEET OF SCHOOL CHIEFS

With J. A. Cranston, city superintendent of the Santa Ana schools, figuring in one of the discussions relative to the new school laws and their problems, the annual convention of the city and county superintendents of California was opened today at Hotel del Coronado, San Diego.

Mr. and Mrs. Cranston, with County Superintendent R. P. Mitchell and Mr. and Mrs. E. F. Borchard of Long Beach, left by automobile for the Southern city yesterday afternoon.

Associated with Superintendent Cranston in the discussion was City Superintendent Wilson of Berkeley, the two responding to a request from E. P. Clarke, president of the state board of education, that they lead in the discussion.

The local men were planning to enjoy the many features of entertainment arranged for the visiting educators, as well as the interesting programs to be presented each day until Friday, when the session will close with a visit to the naval aviation station at North Island.

ENTHUSIASTIC OVER 'RIM OF WORLD' TRIP

J. C. Metzgar, secretary of the Santa Ana Chamber of Commerce, returned this morning from the monthly meeting of the Commercial secretaries association, held on the "Rim of the World," bubbling over with enthusiasm for the "Yosemite and Lake Tahoe combined," of Southern California.

The secretaries left San Bernardino last Saturday morning at 10:30 o'clock going direct to Pine Crest on stages furnished by the Motor Transit company. Lunch was served there by Dr. and Mrs. Bayless. Little Bear lake, which has been rechristened "Arrowhead lake," was the next point of contact on the route, with the secretarial party reaching Moon camp on Big Bear lake at 5:45 p. m. After dinner here the party was taken across the lake on a power boat, landing at Camp Eureka for the evening program of dancing.

Members of the group were assigned to sleeping quarters in the various camps near by. Sunday morning was featured with a boat ride on the lake, followed by a ride full of "kicks" down Clark grade to Forest Home, where a trout luncheon was served by Fred Culver. So many Santa Anans have located summer homes here that the main avenue has been called Santa Ana road. The fish hatchery was one of the interesting points here, where 1,000,000 trout are kept on hand. Silver hooks of the secretaries were effective in catching many trout.

A brief business session yesterday afternoon closed the official meeting and tour of the association.

Judge Rex Goodcell and C. H. Mack, president and secretary respectively of the San Bernardino Chamber of Commerce, and Secretary of the Redlands Chamber, and Secretary Stenner of the Bear Lake Chamber, were hosts to the visitors and saw that all had a good time.

"The 'Rim of the World' is a lovely scenic trip and embraces unusual educational advantages," declared Metzgar today.

HILL BRUSH FIRE CAUSED BY HUNTERS

Investigation was being made today in an effort to fix the identity of a party of Long Beach deer hunters whose campfire was believed to have been the starting point of a brush fire that yesterday burned the hill from about 700 acres of foothills.

The fire started in what is known as the wagon camp in Lucas canyon, the first canyon south of San Juan hot springs, and swept over a ridge into Govina canyon. About 500 acres of the burned-over land is inside the national forest and 200 acres inside the fences of Jerome O'Neill's ranch.

Scores Fight Blaze

The fire started yesterday morning about 10 o'clock, and within an hour, and throughout the afternoon, a great column of smoke rose and spread across the southern end of the county.

Sixty-five or seventy firefighters, headed by Forest Ranger Berg, County Fire Warden W. E. Adkinson, Deputy County Fire Warden Andrew Joplin and Oscar Adkinson and William Magee, superintendent of O'Neill's, fought in a terrific heat, and succeeded in gaining control of the fire.

Trace Auto

The forest ranger has secured the number of an automobile that went into Lucas canyon and has traced the fire from a campfire, according to information received here today.

The damage done by the fire consists in the destruction of brush that was valuable in holding back the flow of water during the rainy season.

POLICE COMB CITY FOR GUN-PACKERS

Another move in the operations of local officers to remove firearms from the possession of Mexican residents of the vicinity, brought the arrest of F. Gonzales, 20, when three auto loads of officers, directed by City Marshal Sam Jernigan, combed the city Saturday night.

Gonzales was arrested in a billiard hall here, charged with carrying a concealed weapon. He is being held in the county jail awaiting arraignment.

While there were no raids from the sheriff's office on the gun-carrying population since Friday night's visit to Talbert, Sheriff Jackson stated today that the campaign would be continued.

Wanted to rent—Private garage, near Third and Broadway. Phone 445.

For little ranch at "Carlsbad by the Sea," Buxton. 310 N. Main.

FRESH FRUITS FOR EUROPE BY STEAMER

SAN FRANCISCO, Sept. 26.—California fresh fruits will be carried to European ports next month on mammoth freighters to be operated by the Ishman Steamship company, a subsidiary company to the United States Steel corporation, and the Federal Steam Navigation company, a large British shipping company. The vessels to be placed on the route are of 17,000 deadweight tonnage, larger by 2000 tons than any vessel now operating on this coast.

The local agents of the new service, Norton, Lilley and company, said that the refrigerating space on the steamers are sufficient to carry 9000 tons of fresh fruit. The two steamers to be operated on the service are the Northumberland and Wiltshire, both of them at present in England.

Both will load a general cargo for this port and will sail next month. The Northumberland will be the first to arrive. The service for the Pacific coast will include fruit shipments from Oregon and Washington.

AUTUMN MODES

Whose Very Presence Inspires Women Who Follow Fashion

Whether it be the colorful tones in the various leading shades; the strikingly bewitching trimmings which in some instances almost obscure the frock; the uneven hems which hang near the floor and give such a decided change to the new styles; or the fascinating sleeves of which there are so many lengths that one may choose the length and cut to suit oneself. These are some of the things that make this season's modes so inspiring and inviting to own. If you have not attended our Fall showing yet, there is a treat in store for you.

Tailored Suits, Coats and Dresses, In Myriads of New Modes, all Temptingly Priced.

Misses Coats

Newest Fall Styles At Decided Savings

—A group of Misses' and small Women's Coats, of Wool Velour in Reindeer, Brown and Navy. Semi lined, large collar and cuff trimmed, with silk braid, some beaver trimmed collars. New Fall models, \$27.50 values, at

\$20.60

—The remaining portion of a big special purchase, including only this season's newest Fall Styles, carefully developed of new and wanted materials and colors. Some are fur-trimmed, others silk braid and fancy stitched collars and cuffs. Some are full silk lined, others semi-lined and unlined. They are the greatest values we've offered in many seasons. In sizes for Misses and small women.

\$15.00 Fall Coats \$9.75

—In this group are 17 new Fall models, offered at less than 1-4 OFF. Heavy wool Kersey, belted, large roll collar, plain and braid trimmed, semi and full lined. Sizes for misses and small women only. Good \$15.00 Values at \$9.75.

COUNTY'S CROPS ESCAPE HARM FROM HEAT

Who said September 15 was the day upon which straw hats became passe!

In other words, how do you get that way?

Santa Ana men who sweated yesterday believed that the opening of the felt chapeau season should have been held in abeyance for a time.

Anyways—

Yesterday's heat wave did no damage to walnuts nor to other crops in the county, farmers stated today. All crops at present under harvest are too far advanced to suffer damage by a heat wave, it was said.

96 Degrees Here

With the thermometer hitting 96 degrees at 1 o'clock and holding to that point until 3 o'clock, according to E. E. Campbell, Santa Ana's official weather scorer, residents of the city sweltered along with residents of other Southern sections in the hottest heat wave that has visited here since 1913, when considerable damage was done to crops.

The closest approach this season to the heat of yesterday occurred April 28, when Old Sol shot earthward hot rays that sent the mercury within two or three degrees of yesterday's record.

People from all over the Southland, and particularly in the interior counties, headed for the seashore to escape the heat.

108 At Gate City

At San Bernardino, 108 degrees was registered, the highest point for the past two weeks in September reached in that county in thirty years.

Smashing an eight-year record for September, the temperature in Los Angeles yesterday was 98.

It was not only the hottest September day since 1913, but it also was the hottest day of the entire year for Los Angeles, according to H. B. Hersey, of the official weather bureau, there. He stated that July set a mark of 86, with August showing a minimum of 90.

Use Westinghouse Mazda Lamps. They cut your light bills. Granger Electric Co. Blue Bird Store, 306 West Fourth.

CHET NEFF MATCHED TO BATTLE DUDLEY

Chet Neff, the slugging Vernon boxer who pounded out a win over Henry Gastine last week, will meet Young Dudley, the dusky Anaheim battler in the main event for the American legion card Thursday night, matchmaker Bert Myre announced today.

Dudley's sensational record is marked with only one or two black marks and they were put there in the past two weeks. Jack Martin beat him at Vernon and Mike O'Leary bested him at Anaheim. Neff intends to do the same thing but Dudley on the other hand plans for a come-back.

It should be a mean battle as both Neff and Dudley are willing to mix matters.

The other portion of a double main show will put Johnny Meyer of Glendale and Jack Martin in the ring. Meyer is clever and fast, Martin is primarily a slugger. It should be a furious affair.

The semi-final will be between Leo Houck and Johnny Leach of Santa Barbara.

FRESHMEN AT MILLS WIN TUG-OF-WAR

SAN FRANCISCO, Sept. 26.—The annual tug-of-war between freshmen and sophomores at Mills college took place on the athletic field, with a resultant victory for the first-year Amazons.

Clad in their gymnasium costumes the two teams dug their heels into the turf and awaited the signal to pull. The teams seemed evenly matched, but finally the freshmen gained headway and crossed the chalk line, where a silver trophy cup, presented to the Athletic association several years ago, awaited them.

Winners of the last two years have been sophomore classes.

The Truth About Coffee In Tin Cans

It is certainly useless for Orange County lovers of GOOD COFFEE to pay the extra expense involved in buying coffee in tin cans.

Tin cans are quite desirable when roasted coffee is to be shipped long distances, or carried in stock a long time. (We know of some in Orange County that has been on the retailer's shelves for years.)

When you can get your Coffee FRESH FROM THE ROASTER tin cans are a useless expense.

ORANGE BLOSSOM COFFEE IS BEST

because your dealer gets it fresh from the roaster in quantities that ensure its sale within a day or two, and the quality is guaranteed to the last grain against any brand on the market, and at a large saving in price.

This is a money-back guarantee.

BUY ORANGE BLOSSOM COFFEE

Note: For this week your Dealer can give you free 1-2 lb. Orange Blossom with each 3 lbs. you purchase.

BANKING SITUATION IN STATE ANALYZED

(Continued on page nine)

This banking power, so expressive of our present development and so eloquent of our future progress, is expressed in the combined assets of our national and state banks. A brief review of the significant items in the condition of these banks is timely and important. There are in California four hundred and twenty-three banks and one hundred and ninety-three branches of banks operating under the laws of this state. Of the branch offices so enumerated, most are actually large, influential banks, contributing to very large economic areas and in any other consideration than that of designation they would be esteemed as big banks operating in distinct economic fields. In the national system in California there are three hundred and thirteen banks, giving us as a material total of state banks and branch offices and national banks in California nine hundred and twenty-nine institutions, from whom the productive public expects to receive its credit and to whom the wage earners and professional classes look for conservation of their savings.

In segregating the assets of the national and state banks for purposes of comparison, we find that in the state banks there are assets aggregating one billion, four hundred and ninety-six million, and in the national banks nine hundred and twelve million, showing that in our total banking power the state banks represent sixty-two per cent of the whole and the national banks thirty-eight per cent.

In the state banks there is an aggregate of eight hundred and eighty-six millions of dollars in loans, and in the national banks five hundred and nine million dollars, disclosing that in loans state banks have granted sixty-three per cent of the whole and the national banks thirty-seven per cent. In the state banks there is a magnificent aggregate of one billion, two hundred and eighty million of deposits and in the national banks five hundred and eighty-three million dollars, disclosing a relationship of deposit liability of sixty-nine per cent in the state banks, and thirty-one per cent in the national banks.

As Savings Banks In analyzing these very significant items, it must be borne in mind that the banks operating under the laws of California are distinctly a savings bank system. They are enlarging very rapidly their capacity in commercial banking and now possess something over three hundred

CARR, PROMOTER OF CLOUDLAND, IS DEAD

(Continued from Page Nine)

his company, backing what he called the "Cloudland" idea, would build a hotel-club extraordinary at Arch Beach and possibly another in the Santa Ana mountains.

Carr, while located in San Bernardino, near which place the first of the Cloudland projects was under way, spent a good deal of time at Laguna Beach and Arch Beach.

Had not a general financial depression interfered, Carr and his associates might have "put over" their Cloudland projects. Carr headed a group of American ex-service men, most of whom had fought with the Canadians throughout the war.

They planned to build three great hotel-club resorts in Southern California, one in the San Bernardino mountains, one in the foothills and one at Arch Beach. The club was the main idea, the hotel and resort to be incidental to the club's activities.

Carr and his associates started out to sell 5,000 memberships at \$1,000 each, and with the \$5,000,000 thus available, the architect and the artist and the artisan were to be given carte blanche, to the end that "Cloudland" would be a dream realized. Carr had been selling memberships two years before instead of in the trenches, without much doubt they would have won, for in those days it was easy to "tap" men of wealth for \$1,000 for a membership in such a club, but when business slowed down, promoters could not even get an audience. "Cloudland" along with the rest of the Carr and his helpers dropped out of sight during last winter and nothing was known of him until the news came a few days ago that he was dead.

and twenty millions in commercial deposits.

We have before us a splendid prospect and our savings banks in a most material way are to develop that prospect into a reality; in the realization of our hydro-electric power, greater than that of any other state in the union; in the subjection of our land to irrigation; in reclamation; in public utilities; in the building of school houses; of roads, and in housing, our savings banks are called upon to play a part which calls for every element of their enterprise and their resources in bringing to our state the substantial rewards of its natural advantages. Incidental to these wonderful enterprises, our savings banks are contributing very seriously to the seasonal and occasional needs of commerce through the agency of short-time credit instruments.

Resources Untouched The wonderful resources of California are yet to be exploited and our savings banks have very gravely a great task to perform in assisting in that enterprise which has as its objective the organization and realization of our natural resources. In this great undertaking there are at least two million, two hundred and sixty thousand people in California intimately and personally concerned. They are the depositors in our state banks, exclusive of our national banks. Of these state bank depositors one million five hundred and ninety thousand are depositors in our savings banks and six hundred seventy thousand depositors in our commercial banks. It is interesting, in passing, to note that there is an average savings deposit in our savings banks of more than five hundred and seventy dollars and there is a per capita deposit of more than two hundred and sixty-six dollars. This represents actual and not inflated economic values. It is interesting, therefore, to compare with an example the very remarkable growth that has been accomplished within the last ten years. We have gone forward in our state banking system safely and surely. We have suffered, endured and overcome the upheaval of the World War and are mastering its vicissitudes with wisdom. A comparison of figures, therefore, as of ten years ago and today will not be unsound.

State Going Forward California is going forward. We are in the midst of greater and more normally diversified production. We are receiving fair prices for our products. The period of readjustment is no longer a problem. There is more business, more employment and less of a thought of depression. There have been falling markets, but there is a new trading basis upon which all of us stand with more confidence. We offer, I very earnestly believe, an example to every other state in the richness of our varied products and the soundness with which we are meeting our difficulties. We have suffered, in common with the rest of the world, but our suffering was incidental only to the return of our economic health.

Our speculative loans are disappearing; they are being liquidated, and we are giving to our farmers through our banks what they need for their seasonal purposes and for the development of their best economic expression. Our natural resources are immense, but they are only a small measure of what they will be.

Our banks and our people have recovered from the illusion that Europe is our only market. We have an immense trading wealth in our food products and raw material. North America, South America, the Orient, Africa need what we produce and both our people and our bankers are sensible of this very vital fact. It is my very serious belief that we are on the threshold of unexampled prosperity.

GIRLS' 'Y' HUT IS DECLARED BIG NEED AT POLY

(Continued from page nine)

the dreams of the young women of Santa Ana may be realized within the near future.

That the campus of the high school is the logical site for the proposed hut, pending the eventual erection of a great social center in the heart of the city, is conceded by everyone who has given the subject consideration. For, it is in the little city, within a city, which is the Santa Ana high school, that more girls and potential business women are assembled daily than in any other section of the town at a stated period every day.

Just a few minutes spent at the high school gives one a better understanding of the need of the hut than all the printed words in the world.

Every hour there is a change from one class-room to another, when the halls are filled with two streams of young people, one flowing east and one flowing west.

Over 1000 pupils in one group is a sight which arouses countless wonderings and surmises.

With a cafeteria built to accommodate less than 100 persons, the remaining 900 and more are driven to carrying lunch boxes, but unfortunately, there are no places equipped wherein they may gather and eat their lunches.

One wonders where they all gather to eat the lunches which the limitations of the cafeteria render necessary.

In fine weather, the lawns offer a most inviting picnic ground, but during the rainy season, or when a "Santa Ana" is blowing, the great outdoors, even in California, is lacking in a certain charm.

Embodied in the projected plans for a "Y" hut, is a partly-enclosed porch where the girls, protected from any unpleasant variations of weather, might gather in groups to enjoy their lunches.

While the large assembly room, the "heart" of the building, would offer a gathering place for the active girls and a center for the social activities which play so large a part in the life of the average high school student.

Comfortably-fitted rest rooms also would be part of the equipment, for at present the rest rooms are sadly lacking in conveniences to say nothing of space.

In a village of over 1000 souls, it would be safe to presume that a certain percentage of them would be ill and in need of rest, part of each day.

The rest room at the high school can take care of any temporary invalids up to a certain number, but after that number is reached, there is nothing to be done except to send the patients home.

And the limit is reached quite early—in fact, with the second patient, unless patient number one consents to sharing her quarters with a mate, in which case three might be accommodated with the one bed and one cot which make up the rest-room equipment.

"Y" To The Rescue

The "Y" hut would come to the rescue there, for it would offer pleasantly-fitted quarters, where proper care and attention might be offered any girls in need of such assistance.

In fact, it would offer to the girls of Santa Ana high school just exactly what they need.

As for the other girls of the city—the needs of the students in the schools are pretty much the needs of girls generally, and the hut would be for general use.

Ideas as to the construction of the building differ, but there is no difference in opinion as to its necessity.

Two sites are available at the school grounds. One to the west of the main building, would be used in case a more elaborate structure is deemed advisable. In this case, the building would be designed to harmonize with the prevailing style of architecture of the group.

If it is decided to operate on the sum of \$5000, now available, a less pretentious building could be erected east of the main building. The bungalow construction would be followed in this building, which would embody the same general ideas as to the rooms required.

Attention has been called to the fact that all subscriptions to the \$5000 fund must be placed in the hands of Harry Wane, of the Orange County Title and Trust, by October 1.

MEXICANS PLAN TO HOLD BIG RALLY

(Continued from page nine)

The celebration will be continued in the evening.

The celebration is arranged to commemorate the centenary of the independence of the country from the Spanish rule. Hidalgo's Day, September 15, was the anniversary of the day of the declaration of independence, which was ratified on the following September 27. In Mexico the entire month is being given over to elaborate celebrations.

SAYS MILLIONS NOW LIVING WON'T DIE

(From a lecture by William Stark, of International Bible Students, at Temple Theater, Sunday, September 25.)

The regeneration of the human race has been the hope of Christians for centuries, which hope is based upon God's promises. To Abraham he said: "In thy seed shall all the families of the earth be blessed." (Genesis 12:3; 22:18). This promised blessing is life everlasting.—Romans 6:23.

The opening chapters of the Bible tell of the creation of perfect man in the image and likeness of God, and his habitation in a perfect home, Eden; of his violation of the divine law and his sentence to death. By inheritance all of his offspring have been born imperfect, therefore sinners, and in a dying condition. (Romans 5:12). God made promise to redeem man from death (Hosea 13:14), this redemption to be accomplished only by the willing sacrifice of a perfect man. God sent his

son Jesus into the world for that purpose. (John 3:16). He came to ransom man from the power of the grave (Matthew 20:28), that the people might have life. (John 10:10). He died for the benefit of all men (Hebrews 2:9), which testimony must be given to all men in God's due time. (1 Timothy 2:5, 6). At that due time every man shall hear the truth taught by Jesus, who promised: "If a man keep my saying he shall never see death." (John 8:51). There must be a due time for all men to hear these truths before they can be kept.

The first six verses of Revelation 21 tell of a time coming when there will be no more death, and which time is stated to be during the reign of Christ. "He (Christ) must reign till he hath put all enemies under his feet. The last enemy that shall be destroyed is death."—1 Corinthians 15:25, 26.

It is evident from the foregoing Scriptural proof that there must come a time when the people will have an opportunity for life, peace and happiness. The question is, When? St. Peter answers this question, saying: "Times of refreshing shall come from the presence of the Lord, and he (God) shall send Jesus Christ, who before was preached unto you, whom the heaven must retain until the times of restoration of all things, which God hath spoken by the mouth of all his holy prophets since the world began.—Yea, and all the prophets from Samuel and those that follow after, as many as have spoken, have likewise foretold of these days." (Acts 3:19-21, 24). This statement conclusively

proves that at the second coming of Christ and during his reign the obedient ones of the human race will be restored to exactly what Adam lost, viz., perfect manhood and a perfect home.

Twenty-four of the holy prophets of Jehovah foretold the coming time of such restoration of man. These prophets spoke with divine authority. The disciples of Jesus, knowing of the testimony of these holy prophets and of the coming time of restoration propounded to Jesus this question: "Master, tell us how we may know of the time of thy presence and of the end of the world." (Matthew 24:3). The answer of Jesus to this question was clear and conclusive, understandable by men when the events mentioned by him should be fulfilled. The answer shows, in connection with other Scriptures, that the end of the world and the setting up of Messiah's kingdom will mark the beginning of the restoration of man, and from that time forward millions of people living on earth will never die.

The first important question, then, is: What is meant by the end of the world and when does it occur? World means social and political order enduring for a time certain. The lease of gentle dominion began, according to Bible chronology and history 606 B. C., was to continue for 2,520 years, and necessarily ended in 1914, which marks the end of the present order, at which time its disintegration should be expected. Jesus stated that when that time arrived there would be a world war, famine, pestilence and revolutions in various parts of the earth, marking the beginning of world's ending. All these things have been fulfilled since 1914, and the famine and revolutions are still in progress.

He further stated—and this is corroborated by many of the prophets—that the return of the Jews to Palestine would be an additional evidence of this great time of the world's end. This act is also now accomplished.

Additionally he said that during the period of the end of the world there would be upon earth distress of nations, with perplexity, men's hearts failing them for fear of what they see coming upon the earth. This is now in progress.

As further evidence he stated that his followers, loyal and faithful Christians, would be hated of various nations for his name's sake, and would be persecuted. This was also fulfilled during the World War, and many Christians in Austria, Germany, Great Britain, Canada, the United States, and other places, were severely persecuted. The greater portion of this persecution was because of the publication of "The Finished Mystery," which explains the book of Revelation, written by St. John while he was serving a term in prison on a false charge of sedition. Hundreds of thousands of copies of "The Finished Mystery" are now in the hands of the people.

Another important date God has made clear through the prophets. When the children of Israel entered the land of Palestine in the year 1575 B. C., God required them, to count the time from that date forward, and to keep every fiftieth year as a jubilee; and commanded that these jubilees should be kept for seventy periods, which would be equivalent to a total of 3500 years. St. Paul shows that these things were types or shadows. The jubilee periods typified the thousand year reign of Christ, which would begin at the time of his second presence and at the end of the world.

FRANCE HONORS SONORA SURGEON

STOCKTON, Sept. 26.—A letter from Surgeon General Toubert of the French army to Dr. V. Pieth of Sonora, near here, informs the latter that the prophylactic treatment for wounds, which is the Sonora surgeon's invention, has been adopted as the treatment to be used in the French army.

The Japanese government was the first to adopt Dr. Pieth's new treatment for wounds, giving it absolute official endorsement.

The United States government used the treatment extensively during the recent war and is even now putting it to frequent tests in the Walter Reid hospital in Washington, D. C., which is the research hospital of the war department. Two other governments are also conducting experiments with the treatment.

The American Journal of Surgery not long ago published a lengthy article written by Dr. Pieth, explaining the new treatment in its fullest detail.

Dr. Pieth is not attempting to benefit himself financially with his invention. He has offered his formula free of charge to this and other governments, to public and private hospitals, and to the medical profession generally. Dr. Pieth was in the army during the World War and served with the rank of captain.

Children's Hair Cut under 12, 25c. Van Cleave, 405 N. Birch.

during which the obedient of mankind must be restored. A period of 3500 years beginning in 1575 B. C., of necessity will end with 1925 A. D. It is therefore confidently expected from the Scriptures that 1925 will mark the end of wars, famine, pestilence, revolutions, anarchy, and general disturbances, and that the restoration of man will progress from that time forward.

Millions of people now living on earth reasonably expect, in the ordinary course of events to live ten or fifteen years. Those living in 1925 and thereafter, coming to a knowledge of the truth and being obedient to this message of truth, will be gradually restored to perfection of body and mind and will live on earth forever in a state of happiness. The earth will gradually be improved, the deserts made productive, the waste places inhabited, and the whole world become a fit habitation sufficient to support the entire human race with abundance.—Isaiah 35; Ezekiel 36:34, 35.

The seed of Abraham according to the promise consists of Christ, Jesus the Head and the church his body. (Galatians 3:16, 27, 29; Colossians 1:18). These are the ones who have been selected from among men from Pentecost until Christ's second coming. These are the ones who are properly designated as Christians, and whose eternal dwelling-place shall be in heaven; and through this class the blessing shall be extended, according to God's promise, to all the families of the earth.

Jesus declared that this message of the kingdom shall, at the end of the world, be preached unto all nations for a witness, and then the end of the world will be complete.

3 Out of 10 are Studebakers

IN California where motorists use automobiles to a greater extent than in any other part of the world 70 percent of all cars sold this year for \$1375 or more were "SIXES."

THREE of every TEN Sixes sold during 1921 in California are STUDEBAKERS.

There is a reason—

Owners of LIGHT SIX Studebakers have passed the word along to their friends that the "LIGHT SIX" is the most economical car to operate that has ever been built.

Take a demonstration ride with us and you will quickly learn why Studebaker owners are more than satisfied with Studebaker Six performance.

FREE COOKING SCHOOL

Go every day this week, enjoy the interesting lectures by a noted domestic science teacher.

She will explain in her interesting way, the many new and important facts now known to the domestic science world.

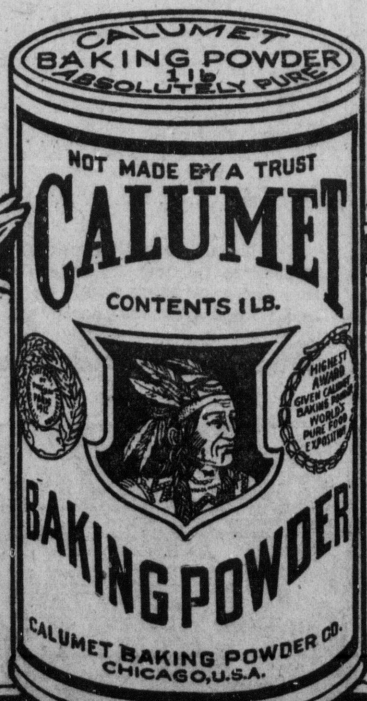

Every woman in this locality should avail herself of this opportunity—the privilege of learning from the teachings of an expert, the secrets of perfectly raised, properly baked and deliciously tempting bakings.

A Special Demonstration of

CALUMET BAKING POWDER

WILL BE GIVEN BY
Mrs. Florence Austin Chase

Like millions of other housewives, domestic science teachers and expert cooks, she has been using Calumet for many years. Allow her to explain to you through an actual demonstration, why Calumet is a positive and indispensable aid to satisfactory bake-day results.

Cook Book Free

The Calumet Cook Book, containing 72 pages of beautifully illustrated text, is the most comprehensive book of its kind ever offered free to all housewives.

The slip in the pound can brings it to your address free of charge—send it to the Calumet Baking Powder Company—your copy will be forwarded at once.

—This is the market where Santa Ana gets its Choicest Government Inspected Steer Beef. Look us up at 220 West Fourth when you want something exceptionally good.

Seidel's Market

—Sanitation and Purity are two things that have been constantly maintained ever since this market started. If you buy it here you KNOW it's good.

See the Beef Cut Up For Table Use Tomorrow At the BETTER HOMES EXPOSITION

American Legion Armory 2:30 P. M.

Ladies Do you want to know the process of Cutting up a Beef? What a help it would be in ordering meat to know all the different cuts and what they are best suited for.

Come tomorrow afternoon and let Mrs. Chase and one of our butchers teach you. Beef will be taken on the platform and under the direction of Mrs. Austin Chase will be cut up by one of our experienced meat cutters.

This demonstration will take place right before your eyes and every step will be explained most minutely.

You will be given a chance to ask any questions you wish and every explanation and demonstration will be made as plain as possible.

It doesn't cost a cent and it sure will be worth your time.

Don't Fail to Hear Mrs. Chase Talk

She certainly is going to leave the ladies a fortune in the way of knowledge in the art of home keeping. Be sure and plan to come tomorrow, when you will be offered this wonderful education in preparing meat and meat dishes. This will be an example of the finest Steer Beef—the only kind we ever offer for sale.

—We have several markets in Orange County and when it comes to buying there is no concern that can do better than we. That's why we are very often able to offer some extraordinary specials on the best meats. Watch for these specials from time to time.

—The Beef we sell is all inspected by Government Officials before it is offered for sale. This precaution in guarding the health of our patrons is not taken in all meat markets. But you are ALWAYS safe if we sell you the meat.

ASPIRIN
Name "Bayer" on Genuine

Take Aspirin only as told in each package of genuine Bayer Tablets of Aspirin. Then you will be following the directions and dosage worked out by physicians during 21 years, and proved safe by millions. Take no chances with substitutes. P.-T.A. PROGRAM IS NOW BEING PLANNED

GARDEN GROVE, Sept. 26.—The faculty of the schools, as well as a good number of mothers, attended a special meeting of the Parent-Teacher association last Thursday afternoon.

The different committees were appointed to take charge of the activities for the coming year.

The watchword of the association for this year is "Progress," and an urgent invitation reaches out to every mother or friend interested in the welfare of the community and of the children to join.

The principals and teachers need the added encouragement and inspiration that interest in their work will create. "Let us help not only with our support but with our presence," is the parents' slogan.

The meetings will be held in the Garden Grove school, first Thursday of the month. The secretary, Mrs. G. Allen, will receive the subscription of each member, which is 25 cents a year.

The need of a photograph to help the teacher in their work was put before the members and a committee was appointed to select and purchase an instrument.

Plans for a reception are under way. Notice of the date will be given later.

Birthday Party
Miss Theresa Bakenhus was honored with a birthday party at her home Friday evening by a number of friends from Anaheim. Guessing games and contests were enjoyed during the evening, after which refreshments were served.

The guests were:

The Rev. Mr. Tautenbaum, the Misses Elsie and Lillian Kraft, Louise and Frances Smith, Grace Black, the Messrs. Herman Kraft, Albert Jensen, Erice Tautenbaum, Carl Black and Carl Meyer, all of Anaheim, and Mrs. Naige and two children of New York.

Miss Helen Hoenshel gave a dinner party last week for three of her college friends. They were Misses Marie Grecht and Della Franzer of Pomona and Myrtle Klahn of Stanford. The four girls were together in Santa Ana Junior college.

The following attended the Associated Chamber of Commerce meeting and banquet at Huntington Beach Wednesday night:

E. R. Schneider, W. M. Morrill, C. A. Emerson, J. G. Allen, J. M. Woodworth, David Meyer and Fred Deeper.

Mr. and Mrs. J. N. DeVaul spent Tuesday with relatives in Santa Ana. Mr. and Mrs. Ben Day and daughter, Miss Margaret, spent Sunday in Long Beach.

Miss Grace Hedstrom returned to Redlands Sunday to resume her studies in the university.

Roy Asbury, of San Francisco, spent the week-end at the home of his aunt, Mrs. H. M. Lambert.

C. K. Lee was pleasantly surprised last Wednesday evening by a number of relatives who gathered at his home to help celebrate his birthday anniversary. A sumptuous dinner was enjoyed, after which the evening was passed in a social way.

The guests were:

Mr. and Mrs. A. J. Lee and daughters, Roxie and Gertrude, Mr. and Mrs. C. I. Pond and daughter, Audrey, and Mr. and Mrs. Chauncey Pond and baby, all of Santa Ana. Mr. and Mrs. H. W. Lee, daughter Helen and son Lewis, Mr. and Mrs. K. K. Lee and baby, Mr. and Mrs. P. R. Stuck and Ben Houghton.

E. T. Phillips is visiting in Pasadena a few days this week.

Mr. and Mrs. E. O. Fulson spent Sunday with relatives in Los Angeles.

Francis Bissett went to Redlands Sunday, where he will attend university this year.

Mrs. Margaret Gunther departed Thursday for San Francisco for a couple months' visit.

The Rev. and Mrs. B. Silkwood visited with friends in Santa Ana Tuesday.

Mr. and Mrs. Earl Russell, of Anaheim, were guests of Mrs. Elizabeth Fairchild Tuesday.

J. A. Bodemmer, who underwent an operation at the Anaheim hospital Tuesday is getting along nicely.

Mr. and Mrs. A. T. Dungan accompanied by their guests, Mr. and Mrs. Elmer Robinson, of Clay City, Kansas, spent yesterday at the Orange county park.

Pleasant Surprise
Mark L. Harper was the "victim" of a pleasant surprise Saturday evening, honoring his twenty-first birthday, when about twenty of his friends and relatives gathered at the home of Mr. and Mrs. W. B. Harper. He was the recipient of many pretty and useful gifts. Several interesting and lively games were played and refreshments of brick ice cream and cake were served.

Miss Helen Hoenshel went to Los Angeles Saturday, where she will attend the Occidental college.

Mr. and Mrs. H. M. Lambert accompanied by Mr. and Mrs. C. V. Edwards of Anaheim, and Ray Asbury, of San Francisco, spent Sunday with relatives in Redlands.

Mr. and Mrs. Vernon King visited with friends in Hollywood Sunday.

Mr. and Mrs. J. O. Arkley and children motored to Los Angeles last Wednesday.

ORANGE COUNTY NEWS

BUSY WEEK PLANNED AT METHODIST TEMPLE

ANAHEIM, Sept. 26.—The Methodist White temple has a full program this week. Charles Brandon Booth, son of Maud Ballington Booth, noted Salvation Army leader, spoke last night on prison reform.

Tonight the fourth quarterly conference is to be held when the most flattering annual reports in the history of the church are to be given and a cordial invitation extended for the return of Dr. J. A. Geissinger by the Southern California conference which convenes at University church, Los Angeles, October 5-10.

Tuesday night a Sunday school conference will be conducted by Dr. Hugh Gibson, secretary of the California Sunday School association, in preparation for the state convention to be held here November 8-10.

Wednesday night is to be the mid-week forum.

Thursday night, Bishop Adna Leonard, here for the German Methodist conference, is to preach.

Friday night there is to be a banquet for the young people's department of the church.

Sunday night, October 2, Bishop Leonard is to occupy the pulpit again.

ORANGE

ORANGE, Sept. 26.—An all-day meeting of the U. S. A. club was held Friday in Corona at the home of Mrs. Earl Wood.

Miss Emma and Miss Anna Granger entertained Friday evening for Mrs. Mary Barrett and Miss Banning, of Long Beach, and Miss Jessie Barrett, of Santa Ana.

Miss Leona Freeman, of the First National bank force, begins her vacation today when she leaves for Denver, Colorado, to visit a sister residing there.

Mrs. Anna Dittmer, of Fort Dodge, Iowa, is the guest of her son, Adolph Dittmer, of South Lemon street, who, with Mrs. Dittmer, celebrated their silver wedding anniversary Friday evening.

Miss Madeline Bartling, of Mattison, Ill., is visiting friends here and expects to spend the winter in Southern California.

Mr. and Mrs. S. M. Verny, who recently sold their home on South Glassell, have decided to spend the winter at their old home in Missouri.

Dr. and Mrs. E. L. Enoch and Miss Edna Enoch spent the week-end in Hollywood.

John Ehlen, who was operated on for appendicitis at the Anaheim sanitarium two weeks ago was able to be moved to his home here, on Saturday. He is doing nicely.

Mr. and Mrs. J. M. Fletcher with Mr. and Mrs. D. C. McMillan motored to Los Angeles Saturday.

Mr. and Mrs. George Peterson and son, George Jr., of East Palmyra, spent the week-end in Riverside, with friends from Nebraska.

Mrs. O. A. Calland, of North Center, is reported on the sick list.

Miss Emma Guenther, of Los Angeles, spent over Sunday with friends here.

George Harer, of Yuma, Ariz., was expected to arrive to visit his family here.

Jack Porter is said to be doing well where he is, in the Fullerton hospital, but expects soon to be removed to his home on South Batavia.

Miss Maude Calland is spending the week-end at Long Beach with the Rev. Mr. Galbraith's family.

Mr. and Mrs. Henry Frost, of Fort Dodge, Iowa, arrived here on Friday and expects to spend several weeks with friends and in sight-seeing in California.

REWARD OF \$100
A reward of \$100 is offered to anyone giving evidence leading to the conviction of any person who maliciously cuts, tears or in any way defaces books or magazines in the public library. By order of Board of Library Trustees.

Rifles and Guns Rented—Hawley's.

FAMILY REUNION ON MOTHER'S BIRTHDAY

LA HABRA, Sept. 26.—Mrs. Julia Seivers, mother of W. H. Seivers, J. D. Seivers and Mrs. Marie Wells, all of La Habra valley, was the honored guest at a very delightful family birthday party last Wednesday.

The pleasant ranch home of W. H. Seivers was a riot of color with bright flowers and bluebird motifs. The handsomely-decorated table was centered by a huge birthday cake and around it were gathered the children and grandchildren of this much loved guest.

Those present were:

Mr. and Mrs. J. D. Seivers and family, of Brea, Mrs. Marie Wells and four children, Paul, Gretchen, Niel and Rachel, and the hosts, Mr. and Mrs. W. H. Seivers.

The afternoon and evening were spent with music and games by the younger people. Mrs. Seivers was the recipient of many handsome gifts from her family and friends.

The ladies of the Western apartments have formed a social club for embroidery and Christmas work. This, like the "Vaneering's" of Dickens fame is so new that it has not been christened yet. The ladies report a very enjoyable afternoon with Mrs. Wagg as hostess.

Those present were Mrs. L. J. Wester, M. Turk, Lella Wester, Robert Bauerschmidt, A. P. Higgins and the hosts, Mrs. Wagg.

The ranch home of Mr. and Mrs. M. J. Pickering housed a pleasant party Tuesday evening, when a delicious four-course chicken dinner was served to former schoolmates who have not met since coming from the home state, Indiana, several years ago.

Seated around the handsomely-appointed table were Mr. and Mrs. Frank Morris, of Santa Ana, the Rev. and Mrs. V. W. Overton, of Los Angeles, and Miss M. May, of Alhambra.

The Senior Ladies' club were the guests of Miss Elizabeth Lehm, of Lois street, on Thursday. This was the first meeting since the summer vacation and the afternoon was spent in renewing vacation trips and in quilting. A number of quilts will be made by these ladies to be donated to David and Margaret orphanage. A dainty collation was served by the hostess. Those present were Mesdames Little, Pader, Swaney, Wester, Lehm, Bellamy, Cramer, Lowen, Craig, DeGraff, Sherman and Miss Lehm.

Mrs. Sarah Wilber was the hostess to twelve ladies of the Home and Foreign Missionary society Thursday. The reports from the delegates, Mrs. S. D. Randall, Mrs. F. S. Kniss and Mrs. Sarah Wilber, who attended the Home Missionary convention in Los Angeles, was very interesting. The following ladies were chosen to represent the society at Santa Ana at the convention to be held there: Mrs. Charles Varney and Mrs. Sarah Wilber.

A Munz, of Elizabeth Lake, was a visitor to the W. F. Espelt home this week. Mr. Munz is a director of the La Habra Midway. This well is down 140 feet in a brown shale and everything running smoothly.

Mr. and Mrs. Claud Ridgeway and the Edgar Lutewillers left Saturday for Exeter and the sequoias on a ten days' fishing and hunting motor trip. While in Exeter they will be the guests of Mr. and Mrs. Ray Redfern.

STUDY IS NOT ALL, SAYS U. C. PROFESSOR

BERKELEY, Sept. 26.—College education is more than just study, declares Prof. R. A. French of the University of California department of education.

"A college student gets the best training from college life," he says. "And if he can't enter into student activities and study, too, let him sacrifice study."

"English colleges have out of date curricula, but they produce the finest men," he states.

WESTMINSTER

WESTMINSTER, Sept. 26.—This place is to have a much needed improvement in the way of a cement sidewalk which has been surveyed from the oil station to the railroad. The property owners were to put in the sidewalk and the parking space will be graveled by the county.

Mr. and Mrs. Weidner have moved into the house back of the post office, owned by George Abbott. He is employed as an oil worker.

Will McClintock and Chester Campbell made a trip to the Stockton Islands last week by train and returned this week in company with O. C. Hare. The families of O. C. Hare and Will McClintock are planning to move to the islands in the near future, the latter going early in October, and the former going as soon as the garage business is disposed of.

Paul Fringer spent the week end with friends here, going up Mt. Wilson with a party and returning Saturday evening. Sunday evening he gave a talk to the Endeavor society on the new moon, in which he has been engaged in Utah since last November. He plans attending the Bible Institute this year.

Wanted for cash — 1914 or later model Ford roadster, body condition no object, motor good. State condition and price. S. Box 3, Register.

MERRY MEN OF GUN CLUB NOW REST EASY

HARPERVILLE, Sept. 26.—The contest about who "killed cock robin" has been definitely settled, and "who killed the deer" is no more a problem for the club members of the Garden Grove hunting club.

Last week Milo Allen, president of the club, and his brother Garfield Allen, Rollin R. Rosset and Suel Oertley determined that the matter must be settled and the peace of the club established. So these members of the club made their way to the deer-hunting grounds of Orange county.

It was the first day of the deer season. The mountains were dressed in a mist that surpassed all previous experiences. These worthy nimrods wormed their way up the steep paths of the Santa Ana mountains. Deer were spied by Garfield Allen, then Suel Oertley spied the velvet backed beauties.

"At a distance of probably 200 yards General Oertley touched the trigger of his friendly rifle and the beautiful buck bit the dust," said Rosset today.

This settled the question of who had killed the deer that the entire membership of the club had been debating. There is now no question about it. As boys say in school, "This proves it."

"The General as might be expected, is terribly elated over his victory. He missed his dinner a few days later and was found wandering over some of the orange groves near Garden Grove, imagining he was yet in the mountains. Kind friends had to pick him up and, after a good dinner, he was sent home, convinced Rosset with a merry twinkle in his eyes.

VILLA PARK

VILLA PARK, Sept. 26.—The Ladies' Aid met at the hall on Tuesday for an all-day meeting. About fifteen ladies attended during some part of the day and three comforts were tied and they almost finished quilting one comfort.

At noon a fine dinner was enjoyed by those who were at the hall all day.

Mrs. Jacob Stein is viting with relatives at Bellflower.

Mr. and Mrs. R. C. Byland and son, Ben, of Huntington Beach, were guests of Mr. and Mrs. J. W. Sweet on Thursday.

Wednesday afternoon the Modern Frisella club met in Santa Ana with Mrs. C. E. Durnbaugh where a very enjoyable evening was spent by those who were able to attend.

The next meeting will be with Mrs. A. E. Hughes on October 5.

Mrs. Durnbaugh, assisted by her mother, Mrs. Pierce, served the guests with dainty refreshments of ice cream and wafers.

Those present were: Mesdames J. P. Holditch, A. E. Hughes, L. Delong, W. J. Rasch, Pierce, Miss Holditch and hostess. Mr. and Mrs. C. J. Porter left Thursday for their cabin at Big Bear Lake.

Mr. and Mrs. D. B. Wait and son, Dan, and baby daughter left last Friday for Big Bear Lake to be gone for a couple of weeks.

BOLSA

BOLSA, Sept. 26.—Wedding bells pealed out Sunday morning September 18, calling Roy R. Richardson and Vena Ross, who were united in marriage, in Santa Ana at 9 o'clock at the home of the Rev. Mr. Parker.

Mr. and Mrs. Harry Harper, of Talbott, were the only witnesses. The party immediately left for San Juan Capistrano, where they spent Sunday and Monday, returning home Monday evening. The bride and groom are well known in the community and have the well wishes of everyone.

Miss Norma Rossman, who is attending the University of California southern branch, in Los Angeles, spent the week-end at the home of her parents, Mr. and Mrs. C. H. Rossman.

Mrs. E. A. Gardner and Mrs. J. D. Shut Jr., motored to Artesia, Thursday. While enroute they stopped to call on Mrs. Trimble, of Los Alamitos.

Earl Gardner has taken one of his tractors to Downey to plow out beets there.

Mrs. C. H. Rossman and daughter Metta, went Wednesday to Orange to visit Mrs. Rossman's mother, Mrs. Francisco. Mrs. Rossman returned Thursday evening. Metta remained for the rest of the week.

"THE BIGGEST LITTLE COUNTY ON EARTH"

SCHOOL ATTENDANCE SHOWS BIG INCREASE

TALBERT, Sept. 26.—The increase in the attendance at the Fountain Valley school has been so great during the first ten days of the term that a general change in the arrangement of the rooms was made last Thursday.

Mrs. Howard, who teaches the primary department, had sixty-five pupils in the first and second grades at that time so the second grade was changed into Miss Culver's room and the fourth grade was moved from her room into that of the principal, Mrs. Maddux. Mrs. Howard also assists with the sixth grade after her first graders are dismissed.

There are at present ninety-five pupils enrolled and the total attendance will still be higher as all the Mexican children have not been enrolled. They are coming in quite rapidly, however.

Robert Giesler and sons are rapidly completing their beet harvest which has been under way for several weeks.

Mrs. Charles Ward spent Wednesday in Los Angeles with her sister, Miss Laura Ambrose, who is suffering from injuries to her shoulder. Miss Ambrose, who is a nurse, was returning from a case when in alighting from the machine she fell and her arm, in some manner, caught in the machine and was pulled from the socket.

Bean cutting on the Robert Giesler ranch is now under way and about one-half of the crop, or seventy-five acres had been cut up to last Thursday night.

Warren Culver has recovered sufficiently from his recent attack of pneumonia to be able to take up his school work Monday of this week.

Mrs. Henry Landin was here from Los Angeles Wednesday as a visitor at the home of her father, R. Courgees.

A. F. Swift visited on Wednesday his father, O. C. Swift, who is very ill at his home in Santa Ana.

Mr. and Mrs. S. E. Talbert and A. P. Vincent motored to Los Angeles for the day Thursday.

The big silo at the Swift dairy was filled on Thursday.

Ishii, the Japanese rancher who leases the Robert Wardlow ranch, was taken very ill with appendicitis Thursday morning and was rushed immediately to the Community hospital to be operated upon.

Roy Richardson, of Bolsa, who is employed as a mechanic at the Harper garage, is receiving the congratulations of friends upon his marriage last Sunday to Miss LeVina Ross of Bolsa.

The Talbert baler moved Thursday to the Nimock's ranch to bale Mr. Smith's hay crop.

The Coulter threshers moved over to the Talbert ranch Wednesday and began threshing that extensive crop the following day.

Quite a bit of excitement was created while threshing was going on that evening, when a pair of mules attached to a header wagon ran away. In the wild race they managed to upset the derrick wagon, dragged a ladder bed from another and mixed things up in general for a while. They were stopped by the breaking of the double-tree and before any one was injured.

COSTA MESA

COSTA MESA, Sept. 26.—Mr. and Mrs. W. Rountree entertained Herbert Wood and his sister, Miss Ruby Wood, of Pasadena, at dinner Tuesday evening. Later Mr. and Mrs. C. L. Dresbach, Mr. and Mrs. W. H. Evans, Mrs. Beltz and Mr. and Mrs. Winnifred Whitehead, who had received invitations to spend the evening, arrived.

Mr. and Miss Wood, who are both talented musicians, treated their friends to a rare musical feast.

This pleasant event changed to be the twenty-eighth anniversary of the host and hostess and was a most fitting tribute to that occasion.

The Woman's Foreign Missionary Society met at the home of Mrs. W. H. Cole Tuesday evening with a goodly number in attendance.

The annual election of officers was held and the following officers were elected: President Mrs. J. R. Smith; Vice President, Mrs. W. Rountree; Treasurer, Mrs. J. K. Horne.

Mrs. Alvin Block attended a meeting of the Women's Federated clubs at Fullerton Friday.

The Ladies Aid met Thursday and elected the following officers for the year: President, Mrs. J. R. King; Vice President, Mrs. W. Melott; Secretary, Dorothy Alleman; Treasurer, Mrs. Fred Lawson.

Chas. Primelow, of Santa Ana, is building a commodious barn on his ranch on Orange Avenue near his former home.

Fred Long is building a garage. H. J. Clark is assisting him while awaiting repairs for the pumping plant.

George Gardner sr., has decided to retire from active life, at least, for a while, and has sold his feed store to his son George, who will conduct the business at the same stand, where he will be ready to take care of all their former patrons.

BOLSA

BOLSA, Sept. 26.—Wedding bells pealed out Sunday morning September 18, calling Roy R. Richardson and Vena Ross, who were united in marriage, in Santa Ana at 9 o'clock at the home of the Rev. Mr. Parker.

Mr. and Mrs. Harry Harper, of Talbott, were the only witnesses. The party immediately left for San Juan Capistrano, where they spent Sunday and Monday, returning home Monday evening. The bride and groom are well known in the community and have the well wishes of everyone.

Miss Norma Rossman, who is attending the University of California southern branch, in Los Angeles, spent the week-end at the home of her parents, Mr. and Mrs. C. H. Rossman.

Mrs. E. A. Gardner and Mrs. J. D. Shut Jr., motored to Artesia, Thursday. While enroute they stopped to call on Mrs. Trimble, of Los Alamitos.

Earl Gardner has taken one of his tractors to Downey to plow out beets there.

Mrs. C. H. Rossman and daughter Metta, went Wednesday to Orange to visit Mrs. Rossman's mother, Mrs. Francisco. Mrs. Rossman returned Thursday evening. Metta remained for the rest of the week.

BOLSA

BOLSA, Sept. 26.—Wedding bells pealed out Sunday morning September 18, calling Roy R. Richardson and Vena Ross, who were united in marriage, in Santa Ana at 9 o'clock at the home of the Rev. Mr. Parker.

Mr. and Mrs. Harry Harper, of Talbott, were the only witnesses. The party immediately left for San Juan Capistrano, where they spent Sunday and Monday, returning home Monday evening. The bride and groom are well known in the community and have the well wishes of everyone.

Miss Norma Rossman, who is attending the University of California southern branch, in Los Angeles, spent the week-end at the home of her parents, Mr. and Mrs. C. H. Rossman.

Mrs. E. A. Gardner and Mrs. J. D. Shut Jr., motored to Artesia, Thursday. While enroute they stopped to call on Mrs. Trimble, of Los Alamitos.

Earl Gardner has taken one of his tractors to Downey to plow out beets there.

Mrs. C. H. Rossman and daughter Metta, went Wednesday to Orange to visit Mrs. Rossman's mother, Mrs. Francisco. Mrs. Rossman returned Thursday evening. Metta remained for the rest of the week.

SEATTLE TEAM JINX TO ANGELS CHANCES

SEATTLE, Sept. 26.—Los Angeles dropped out of first place in the Coast league pennant race here yesterday when Seattle dumped them for two games, the first 2 to 0 and the second 3 to 2. In the first game Jacobs held the visitors to four scattered hits while his teammates were getting but two, and in the second game Los Angeles again outthrew the locals two to one, getting ten safe blows, but the breaks were with Seattle.

(First game)
Los Angeles..... 0 4 1
Seattle..... 2 2 0
Los Angeles—Hughes, Soria and Stanage; Baldwin; Seattle—Jacobs and Adams.

(Second game)
Los Angeles..... 2 10 2
Seattle..... 3 5 2
Los Angeles—Lyons, Dumovich and Baldwin; Seattle—Francis, Brenton and Adams.

TIGERS TAKE PAIR

LOS ANGELES, Sept. 26.—The Vernon Tigers won yesterday's double-header from Salt Lake, 3 to 0 and 2 to 1. Mitchell held the Bees to seven scattered hits in the first fray, while Faeth held them down with but four blows in the second.

(First game)
Salt Lake..... 0 7 2
Vernon..... 3 14 0
Salt Lake—Levensen and Jenkins, Byler; Vernon—Mitchell and Murphy.

(Second game)
Salt Lake..... 1 4 2
Vernon..... 2 8 0
Salt Lake—Gould and Lynn; Vernon—Faeth and Murphy.

SEALS WIN DOUBLE BILL

PORTLAND, Sept. 26.—San Francisco won both games of yesterday's double-header from Portland, taking the first 4 to 2 and the second 6 to 3. The Seals did not score in the first game until the sixth, when Walsh doubled to center with the bases filled, scoring all the runners. Manager Graham started Gillenwater in the second game, but he was replaced by Lewis in the third with the bases filled. Sam got out of the hole without being scored on. San Francisco won the game in the eighth when Johnson lost control. The visitors made four runs.

(First game)
San Francisco..... 4 7 1
Portland..... 2 6 0
San Francisco—Couch and Yelle; Portland—Coleman, Pillette and Baker.

(Second game)
San Francisco..... 6 6 0
Portland..... 3 7 2
San Francisco—Gillwater, Lewis and Agnew; Portland—Johnson and Fisher.

SACRAMENTO WINS TWICE

SAN FRANCISCO, Sept. 26.—Sacramento won two games from Oakland yesterday, which resulted in their tying with Los Angeles for second place in the Pacific Coast league pennant race. The Senators took the first game, a ragged contest, 8 to 3. Oakland's errors were largely responsible for the defeat. The second game went twelve innings and the score was 7 to 6. McGaffigan scored the winning run when he was safe on Brubaker's error, stole second and went home on Kopp's infield hit to short.

(First game)
Sacramento..... 8 10 0
Oakland..... 3 9 5
Sacramento—Fittery and Cook; Oakland—Jones, Kremer and Koehler.

(Second game)
Sacramento..... 7 16 2
Oakland..... 6 16 4
Sacramento—Niehaus, Canfield, Pringle and Elliott; Oakland—Winn, Arlett, Krause and Koehler.

FARM BUREAU SEEKS 850 MORE MEMBERS

SACRAMENTO, Sept. 26.—A two weeks' membership drive, the first of its kind to be undertaken in California, was launched in Sacramento county today by officers and members of the Sacramento County Farm Bureau Federation and the state organization.

The first week of the campaign, according to George L. Gray of Albany, Mo., who has been sent here by the American Farm Bureau Federation to inaugurate a State-wide drive for members, will be devoted exclusively to a series of educational meetings to be held in various parts of the county for the purpose of instructing farmers in the work of the organization.

Second week, all activities will be directed to signing up new members. House-to-house canvass, Gray said, will be made in as far as possible in hope of increasing the membership of the Sacramento Bureau from 650 to 1,500.

At the close of the campaign here, Gray said, it is planned to systematically launch similar membership drives in other counties of California.

An Acre of Melilotus

will put into the soil as much nitrogen as will 600 lbs of Nitrate of Soda. Besides you get a wonderful amount of humus from the Melilotus which will continually build up your soil. Melilotus will do for orange land what clover has done for cornland.

Detroit—Cole, Hollings and Woodall; Washington—Zachary and Gharriety.

ORANGE HIGH FACES SEASONS GRID TEST

Orange High school's football team was getting its first real test of the season today at Arlington.

Coch H. M. Davis' squad made the trip to take on the Sherman Indian school which in past years has always turned out fast and heavy aggregations. Orange however, has a wealth of material this year and Davis, the new coach, has high hopes of turning out a powerful eleven.

Orange is a member of the Orange County football league and will take on Santa Ana in about a month.

Coch Davis is a graduate of the coaching school of the University of Illinois and was sub-end last year for "Chuck" Carney, all-American selection. He succeeded A. W. Dowden as head of the Orange athletic department.

QUESTIONS ARE UP IN H. S. QUANDARY

Continued from Page Nine)
retary of the Santa Ana board of education, today, "but there is nothing to be said now, further than this, that so far as our board is concerned we are not only willing but anxious that the matter be arranged so that the outside districts will be on the same footing with Santa Ana in everything in relation to the district, and especially in relation to the selection of school trustees."

FINE ARTS PALACE FOR U. OF C., PLAN

WASHINGTON, Sept. 26.—Transfer by the government of the palace of fine arts at San Francisco to the University of California in exchange for a railroad right of way through university property from the Presidio reservation to Fort Mason was proposed in a bill introduced by Chairman Kahn of the house military committee.

SHOTS A MYSTERY

Called at 2:45 a. m. today to investigate shots heard in the vicinity of Artesia and Second or Third streets, near the western edge of the city, police officers were unable to locate the source of the disturbance, which was reported anonymously from the neighborhood.

Tennis goods—Hawley's.

GIANTS BOOST LEAD IN PENNANT CHASE

ST. LOUIS, Sept. 26.—The New York Giants came back yesterday and evened up Saturday's defeat by trimming St. Louis, 5 to 2. With yesterday's win the National league leaders strengthened their position to a three-game margin, giving Pittsburgh only a slim chance to capture the honors.

New York..... 5 12 1
St. Louis..... 2 10 2
New York—Douglas and Snyder; St. Louis—Haines, Sherdel and Clemens.

CINCY DOWNS DODGERS

CINCINNATI, Sept. 26.—Milbus was batted hard in the first and third innings and Cincinnati won from Brooklyn, 6 to 2. A second game was cancelled because of the wet grounds.

Brooklyn..... 2 10 1
Cincinnati..... 6 14 0
Brooklyn—Milbus, Reuther and Taylor; Cincinnati—Luque and Hargrave.

CHICAGO TAKES TWO

CHICAGO, Sept. 26.—"Red" Thomas, Chicago's recruit outfielder from Henrietta, Okla., was the hero in the double victory of Chicago over Boston yesterday, each game going twelve innings and the scores being 4 to 3 and 8 to 7. Thomas' single in the last inning of the initial contest sent two runs home for a victory, and he started the rally in the last inning of the second game with a double and scored on a single by Kelleher.

(First game)
Boston..... 3 13 2
Chicago..... 4 14 1
Boston—Oeschger and Gowdy; Chicago—Alexander and Killefer, O'Farrell.

(Second game)
Boston..... 7 10 2
Chicago..... 7 18 3
Boston—Watson, Fillingim, Scott and O'Neill, Gibson; Chicago—Martin, Freeman and O'Farrell.

SWIM STARS TO TAKE PART IN BEACH FETE

California swimming world, including Fred Cady and Ida Koverman of the Los Angeles Athletic club, Frank Rivas of the Venice Swimming association, and Ted Coombs of the Long Beach Swimming club.

All branches of natatorial sport will be presented, including swimming, high and fancy diving, canoeing, life boat drill and other features.

Stars to Take Part
In addition to Ludy Langer there will be Walter Grace, sprint champion; Haig Priest, Clyde Swendsen, Walter Krissel, Ralph Summerell and many others of equal renown. Women will be well represented, including Bobbie Middlemas, Marie Curtis, Marion Himmelstein, Ferol Wallace and many others.

Friday being "kids' day," the kiddies from all over the county will be entertained by Frank Rivas and his dashing little junior cohorts of the Venice Swimming association. These youngsters, ranging in years from 5 to 16, are exceptional exponents of the swimming arts. Undoubtedly they will please with their high and fancy diving as well as with their swimming. A lifeboat race is planned, which will be around the municipal pier. The contest will be between the Venice life-saving crew and the Long Beach life-saving crew. Canoe tilting contests also promise many a thrill. A feature of the closing night will be a 75-foot fire dive off the end of the pier. A women's race around the pier is also included in the program.

Championships Saturday
The junior national 150-yard back stroke championship is scheduled to take place the closing day of the fair—Saturday.

All the events will be around the pier in order to permit the thousands of spectators to witness the events, which will start at 10 a. m. Prizes are to be awarded.

Following is the program:
Wednesday—Women's grand free for all women's race around pier; high and fancy diving exhibitions.

Thursday—Life boat race around pier, Long Beach and Venice crews; canoe tilting contest; three-mile swimming race; high and fancy diving exhibitions.

Friday—Junior exhibition by kiddies of the Venice Swimming club; exhibition 27-foot work, 10-foot springboard work; swimming races and fancy swimming exhibitions; men's race around pier.

Saturday—150-yard junior national backstroke championship; 100-yard sprint; 440-yard handicap race; 400-yard relay race; high and fancy diving exhibitions.

1500-MILE FLIGHT TO SIBERIA BEGUN

PRINCE RUPERT, B. C., Sept. 26.—C. O. Prest, Nevada aviator, left here in the biplane Polar Bear on a flight to Siberia over a course of about 1500 miles.

Prest planned to stop at Wrangell, White Horse and Dawson, thence to Nome. From Nome his route will carry him across the Behring straits, a 54-mile stretch of water, to Siberia. The first half of the flight is northward to Dawson, and western from there to Nome and across the strait.

BIG LUMBER SHIPMENT

MONTREAL, Sept. 26.—A shipmen of nearly 2,000,000 feet of British Columbia fir, shipped from Vancouver via the Panama Canal, has arrived at Three Rivers. This is the first vessel, it is understood, to make the trip from British Columbia to Quebec ports via the Canal.

SCHOOL ADDS MORE TYPING MACHINES

With the installation of ten new typewriting machines in the commercial department of the junior high school, the situation as to shortage of machines has been relieved to a certain extent, though there yet remains a group of from forty to fifty students desiring to take the commercial course but unable to do so because of lack of equipment, it was stated today.

The twenty-six machines now available are all taken at each of the seven daily periods of that department of the school.

Principal Nelson and his faculty of teachers this year have put into effect a rotation of class periods such as is advocated by Columbia attendance in schools of this city is

unusually high, and truancy among children is increasingly rare."

GOLFER'S EYE WORTH \$58,000, COMPLAINT

NEWARK, N. J., Sept. 24.—A suit for \$85,000 damages for the loss of his right eye, blinded by a blow from a golf ball, has been brought by Cornelius Hoohey, 14-year-old caddy, against Franklin Webster, of East Orange, N. J.

FUR PRICES DROP

WINNIPEG, Sept. 26.—The fourth fur auction sale held here was featured by a considerable drop in the prices. Spring rates and beaver skins felt the fluctuations considerably, while otter, silver fox and marten sold strongly. More than 72,000 pelts were offered for sale, which are worth approximately \$300,000. Buyers were present from Montreal, New York, Edmonton, Seattle and Minneapolis.

Mrs. Chase Is Here!

Hundreds of Santa Ana Women Greeted Her Today

At The Register's

BETTER HOMES EXPOSITION

Hundreds will meet her tomorrow. They see in Mrs. Chase a woman of experience in household affairs—who has devoted time and attention to a wide range of home problems with intelligence.

Mrs. Chase Appeals to the Critical Thinker and to the Women of Sentiment

She advances methods, and gives reasons therefor. She suggests ways to cut down physical effort and mental strain in housekeeping. She holds before you the ideal home in which there is unity, variety, order, the details arranged in proper proportion.

WOMEN WHO HAVE KEPT HOUSE FOR YEARS LEARNED NEW THINGS TODAY Women Who Had Other Plans for Tomorrow Have Dropped Them to Attend the Better Homes Exposition

Once hearing Mrs. Chase, today, they have grasped the importance of the subject she treats. The exhibits of the merchants and manufacturers were too alluring for one visit to satisfy. The classes of goods displayed at the Exposition, and the reputations of the firms behind them have a real interest for the thinking women.

Regardless of former cooking schools held here and elsewhere the Better Homes Exposition has an appeal that is unique. It is a "woman's interest" event—heart-to-heart talks by a woman who knows.

Here Is the Program for the Week

Tuesday

Selection—Brunswick Phonograph
Solo—"Bird of Love Divine," Haydn Wood
"Fulfillment," R. Huntington Woodman
Miss Kathleen Owens
Lecture subject: Selecting curtains, rugs and draperies to harmonize with color scheme.

Salesmen and Solicitors Do you want to become a salesman? Salesmen of ability always command high compensation; we are a big business house training salesmen in their own sales; our men are making \$200 to \$300 a month. Why not remain inactive while others are getting rich? Why remain a slave when you can become a master? Why be a failure when success is easily within your reach? Why deny yourself while others are enjoying themselves? Why take less than you richly deserve of life, prosperity and pleasure? These things are possible without cost to you, if you are honest and determined. Call at room No. 1, 520 1/2 N. Main st., Monday evening at 7:30.

FIVE rooms, garage; close in; \$4500. IRA E. LECK 115 West Fourth

R. F. THOMAS, OWNER

NOTICE OF PUBLIC WORK Notice is hereby given that the Board of Trustees of the City of Santa Ana, California, proposes to award contracts for the construction of the following street pavements:

Spurgeon School for paving on Cubbon Street with 4" concrete base and 1 1/2" asphalt top approximately 5800 square feet. Sycamore Street for concrete base and 1 1/2" asphalt top approximately 10,500 square feet. Broadway 5" concrete base and 1 1/2" asphalt top, approximately 1640 square feet.

Plans to be constructed according to all plans and specifications known as "Specifications A" and 101 on file in the office of the City Engineer.

Proposals to be submitted on blanks for each school separately to be obtained from the office of the City Engineer. A certified check of 5 per cent of the total bid must accompany each proposal.

Bids will be received by the City Clerk of said City up to the hour of 5 P. M. October 3, 1921.

The Board of Trustees reserves the right to reject any and all bids.

E. L. VEGELY, City Clerk. Dated this 16th day of September, 1921.

NOTICE OF PUBLIC WORK Notice is hereby given that the Board of Trustees of the City of Santa Ana, California, proposes to award contracts for the construction of the following street work:

For the construction of six (6) reinforced concrete culverts, approximately 80 feet long, with reinforced concrete inlets and catch basins and automatic syphon drain located on Fourth Street as follows:

One culvert at French Street, Spurgeon Street, Bush Street, Sycamore Street, Broadway Street and Birch Street.

The construction of one reinforced concrete culvert approximately 80 feet long with reinforced concrete inlet and catch basin and automatic syphon drain located on Second Street and French Street intersection.

All to be in accordance with plans and specifications now on file in the office of the City Engineer of the City of Santa Ana, California.

The proposals must be submitted on blanks which may be obtained from the City Engineer's office and accompanied by a certified check of 5 per cent of the amount of bid.

Bids to be opened October 10th, 1921, at 7:30 P. M.

The Board reserves the right to reject any and all bids and to accept the bid for one or more of these culverts.

E. L. VEGELY, City Clerk. Dated this 3rd day of September, 1921.

NOTICE OF DISSOLUTION OF CO-PARTNERSHIP Notice is hereby given that the partnership composed of Ernest Fromme, D. W. Hamilton and A. C. Wiebe, engaged in general contracting and mobile repair work at No. 505 North Ross Street, Santa Ana, Orange County, California, under the firm name of THE HAM GARAGE COMPANY, is this day by mutual consent dissolved; said D. W. Hamilton, succeeding to the business of the firm. Outstanding accounts against the firm will be paid at the firm's office, while all accounts due the firm should be paid at the office of attorney, Otto Sanaker, 411 Spurgeon Building, Santa Ana, Cal.

Dated September 10th, 1921. D. W. HAMILTON, ERNEST FROMME, A. C. WIEBE.

CERTIFICATE OF PARTNERSHIP The undersigned do hereby certify that they are conducting a general real

Legal Notices

of Cubbon Street to be 50 feet in width and open to public use, was completed and filed by me in the office of the City of Santa Ana on the 15th day of August, 1921, and confirmed by the Board of Trustees of said city at a regular meeting thereof held on the 19th day of September, 1921, and in a book kept for that purpose on the 20th day of September, 1921, and are now of record therein.

All sums assessed therein are due and payable immediately and that the payment of said sums is to be made to me at my office in the City Hall of the City of Santa Ana within 30 days after the date of the first publication of this notice and which notice was first published on the 21st day of September, 1921.

All assessments not paid before the expiration of said 30 days will become delinquent thereupon 10 per cent upon the amount of each such assessment will be added thereto.

Dated this 21st day of September, 1921. EDW. W. DAHL, Street Superintendent of the City of Santa Ana.

No. 43187 NOTICE OF SALE OF REAL ESTATE AT PRIVATE SALE In the Superior Court of the State of California, in and for the County of Los Angeles, Do hereby certify that the undersigned, Louis H. Boelter, Executor of the Estate of Minnie Killinger, Deceased, will sell, at private sale, subject to the confirmation of said Superior Court, on or after the 8th day of October, 1921, at the office of Kennicott & Williams, 605 Equitable Building, Los Angeles, California, all the right, title and interest of said deceased at the time of her death, and all of the right, title and interest said estate has acquired by operation of law for and in addition to that of said deceased at the time of her death, in and to the real property situated in the County of Orange, State of California, and described as follows, to-wit:

Lots Two and Three (2 and 3), Block Three Hundred sixteen (316) as designated and delineated upon a certain map of said tract recorded on page 36 of Book 3 of the Miscellaneous Records of said County of Orange, State of California.

Terms and conditions of sale, cash gold balance on confirmation of sale by said Superior Court.

Bids or offers must be in writing and may be left at the office above mentioned any time after the first publication of this notice and before making said sale.

Dated September 15th, 1921. LOUIS H. BOELTER, Executor of the Estate of Minnie Killinger, Deceased.

KENNICOTT & WILLIAMS, Attorneys for Executor, Equitable Building, Los Angeles, California.

No. 12628 Notice for Publication of Time of Proving Will, Etc. In the Superior Court of the County of Orange, State of California, and in the Matter of the Estate of W. C. Adams, Deceased.

Notice is hereby given that Friday, the 17th day of October, 1921, at 10 o'clock a. m., of said day, at the Court room of this Court, Department No. 2, in the City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for hearing the application of Duward W. Adams, praying that a document now on file in this Court purporting to be the last Will and Testament of the said W. Adams at which time and place all persons interested therein may appear and contest the same.

Dated Sept. 22, 1921. J. M. BACKS, County Clerk.

NOTICE No. 12413—Department 2 In the Superior Court of the State of California, in and for the County of Orange.

J. Wentworth, Plaintiff, vs. Anna To Pat O'Day: You will take notice that you were charged as a party corespondent in a complaint filed in the above-entitled action on the 18th day of July, 1921.

And you are hereby notified that you may appear and answer said complaint within ten days from the last date of publication herein.

Given under my hand and the seal of the Superior Court of the County of Orange, State of California, this 22d day of September, 1921.

(Seal) J. M. BACKS, Clerk. By E. R. ABBEY, Deputy.
